

PREHOSPITAL and DISASTER MEDICINE

Médecine Pre-Hospitalière et Médecine de Catastrophe
Medicina Prehospitalaria y de Catástrofes

病院にかかる前の処置と
災害医療

Volume 13, Supplement 1

April -December 1998

ABSTRACTS OF INVITED
AND
SCIENTIFIC PAPERS

III NORDIC CONGRESS OF
EMERGENCY
AND DISASTER MEDICINE

24-27 JUNE 1998
KUOPIO, FINLAND

The Official Journal of the
World Association for Disaster and Emergency Medicine
International Society for Disaster Medicine
and the
Nordic Society for Disaster Medicine

Table of Contents

III Nordic Congress on Emergency and Disaster Medicine Kuopio, Finland 24–27 June 1998

Abstracts of Scientific and Invited Papers (papers are listed in alphabetic order according to first author)

Invited Papers

Introduction

Mattila MAK

How We Can Learn from Research and Analysis of Disaster Medical Situations S5

Birnbaum ML

Medical Management of Chemical Disaster S6

Debacker MAM

Keeping Chemical Emergencies from Becoming Disasters S6

Gray EK

Disaster Medicine–Humanitarian Medicine S6

Gunn SWA

Light Guidance and Other Brilliant Applications for Disaster Situations S7

Hatjasalo L

Polish Medical Rescue Systems Problems on the Example of Wroclaw City Collapse Under the Superflow S7

Jakubaszko J

How to Maintain Preparedness? S8

Koski EMJ

Medical Preparedness for Chemical Accidents S8

Kulling P

Teaching and Training Methods S9

Lang-Jensen T

How You Can Reach Preparedness During Medical Curriculum S9

Mattila MAK

Telemedicine Applications in Disaster Medicine S10

Mattila MAK

Interactive Training, Evaluation, and Testing Using Computers S10

Mattila MAK

Are We Better Prepared After the Estonia Experience? S10

Murtomaa MMM

Measurements and Analyses in Environmental Accidents and Disasters S7

Paakkanen HSJ

How We Can Prevent the Disaster of Millennium S7

Poikonen, Antti

My Personal Experiences in the Midst of Chaos S8

Pyrros DG

Technical Devices and Systems for Telecommunication	S8
<i>Rahtu A</i>	
Telecommunication in Chemical Disasters: Mastering the Situation	S8
<i>Rahtu A</i>	
Evaluation of Health Disaster Management	S9
<i>Sundnes KO</i>	
What Are the Expectations for Preparedness of Medical Doctors and Nurses?	S9
<i>Tordrup PJ, Kjeldsen SR</i>	
Toxicity of Organophosphates and Experimental Therapy	S9
<i>Tuovinen KM</i>	
Alarm, Response, and Command	S10
<i>Wallman-C:son, K-A</i>	

FREE Papers**ORAL Presentations**

Joint First Responder Unit of Officials and Volunteers—The Pyhäjoki Model	S10
<i>Arkko PJ</i>	
The Quality of Paramedical Treatment for Emergency Patients in Raahe Area	S11
<i>Arkko P, Aunola A</i>	
Specialization and Increasing Medical Abilities and Facilities Under Overwhelming Situations of Different Scale in Siberia	S11
<i>Azarova NB, Ivochkin AM, Gusev AF</i>	
Prehospital Teleconsultation	S12
<i>Immonen A</i>	
Retention of Vital Activity and Vitality of the Brain During Deep Hypothermia	S12
<i>Ivanov KP</i>	
Principles of Retention of the Vitality and Vital Activity During Deep Hypothermia without Rewarming the Body	S12
<i>Ivanov KP</i>	
The Work System of the Air Ambulance in the Arkhangelsk Region	S13
<i>Kalinin A, Mokeev A, Martynova N</i>	
The System of Medical Provision of Safety Operations on Technological Catastrophes and Disasters in the European North of Russia	S13
<i>Kalinin A, Polivany I, Martynova N</i>	
A New Type of Disaster	S13
<i>Kulling PEJ, Anantharaman V</i>	
Duration of Reversible Clinical Death	S14
<i>Lanovenko II</i>	
Analgesic and Local Anesthetic Effects of Ketamine	S14
<i>Larni HM, Saarelainen IO, Levänen J, Kiistala U, Pohjola J</i>	
A New Approach—The World-Wide Air Medical Transport Service Network	S14
<i>Löfstedt TJ, Missonen J</i>	
Prehospital Thrombolysis: The Medi-Heli Approach	S15
<i>Löfstedt TJ, Reitala J, Kinnunen AA</i>	
Brain Injury in Persons Exposed to Chronic Intoxication by Neurotropic Poisons	S15
<i>Rabinovich SS, Ivochkin AM, Akentyev NS, Plushch IV</i>	
Evaluation of Japanese Emergency Systems for Out-of-Hospital Cardiopulmonary Arrest	S15
<i>Saitoh D, Ishihara S, Kaneko N, Yanagawa Y, Fukuzuka K, Ito T, Kiyozumi T, Sakamoto T, Ohno H, Okada Y</i>	

FREE Papers**POSTER Presentations**

Organophosphate Insecticides Poisoning—Causes of Death	S16
<i>Bonitenko UU, Bonitenko EU, Tonkopi DV, Aksenov IV</i>	
Do Medical Curricula Produce Emergency Preparedness?	S16
<i>Jama T, Mattila MAK</i>	

Transdermal Application of Ketamine: A Pilot Study	S17
<i>Larni HM, Juhani P, Jaakko L, Saarelainen IO, Kiistala U</i>	
Drying of Foot and Hand-Wear: Preliminary Results with a New Drying Device	S17
<i>Kiistala U, Larni HM, Saarelainen IO, Autio P</i>	
Ketamine and Lidocaine as Local Anesthetics in Minor Dermatological Surgery	S18
<i>Saarelainen IO, Larni HM, Kiistala U</i>	
Disposable and Continuous Use Heaters of Infusion Fluids for Field Use: A Preliminary Report	S18
<i>Larni HM, Markku R, Jaakko L, Pohjola J, Kiistala U</i>	
Junior Ice Hockey Players Exposed to Nitrous Oxides	S18
<i>Nilsson ME, Rydström P-O, Löfvenberg J, Starlander J</i>	
Using GIS in Emergency Management	S19
<i>Rantanen HT</i>	
Lipid Peritoneal Dialysis in Cases of Acute Peroral Malathion Poisoning	S19
<i>Sosukin AE, Tonkopi DV</i>	
Effects of Emergency Transportation on Blood Pressure, Heart Rate, and ACTH and Cortisol	S20
<i>Witzel K, Hoppe H, Raschka C</i>
