Université de Dakar: Institut Français d'Afrique Noire

MONSIEUR SAMBA N'DIAYE est entré à l'IFAN en 1963 comme responsable du laboratoire d'ethnographie, qui dépend du département de Sociologie. Il procède actuellement à une enquête sur la culture matérielle des Serer, au Sénégal central et a déjà acquis et étudié un matériel ethnographique relatif aux techniques d'acquisition: pêche, chasse, cueillette, élevage et agriculture.

Committee on African Studies in Canada

THE Committee on African Studies in Canada (see *Africa*, July 1963, p. 266), established at the end of 1962 and temporarily affiliated with the Social Science and Humanities Research Councils of Canada, has appointed a special Sub-committee for the Development of an Africanist Study and Research Centre for Canada. It is hoped to co-ordinate and consolidate the scattered resources of the country in order (a) to encourage the study of Africa by many disciplines at the undergraduate (pre-B.A.) level in Canadian universities, and (b) to develop at one or two places in the country a staff and facilities for advanced research and study of Africa. Co-operation and complementary if not completely co-ordinated development are hoped for among both the English-speaking and the French-speaking universities in Canada. The Chairman of the Committee is Dr. D. L. Wiedner, Department of History, University of Alberta, Edmonton, Alberta. Dr. Wiedner is also the Editor of the biannual *Bulletin* of the Committee which is published in English and French. The first issue appeared in November 1963.

Istituto per le Civiltà Primitive, Università di Roma

A COURSE on African studies, 'Civiltà Indigene dell'Africa', is now included as an optional subject in the syllabus of the Scuola di Perfezionamento in Scienze Etnologiche post-graduate programme of Rome University. A certificate is awarded at the end of the second year. The Scuola is attached to the Institute, but its staff is drawn from the University of Rome as a whole. The Director of the Institute, Professor Grottanelli, has done field research among the Nzema of south-western Ghana in 1954, 1961-2, and 1963, on the second occasion assisted by Dr. E. Cerulli and Signor S. Natonek. It is expected that research in this
