Alrawashdeh A, Alqahtani S, Alkhatib ZI, Kheirallah K, Melhem NY, Alwidyan M, Al-Dekah AM, Alshammari T, Nehme Z. Applications and performance of machine learning algorithms in Emergency Medical Services: a scoping review – ADDENDUM. *Prehosp Disaster Med.* 2025;00(00):1–1.

The following has been added to the Limitations section (beginning Page 9) of the above article:

Finally, this review did not assess whether the ML models deployed in the included studies had obtained regulatory approval from agencies such as the United States Food and Drug Administration (FDA; Silver Spring, Maryland USA) or other relevant authorities. This limitation should be acknowledged when considering the broader applicability of these models in clinical practice.
