

ABSTRACTS OF COMMUNICATIONS

Four Hundred and Seventh Scientific Meeting  
 Physiology Lecture Theatre, Guy's Hospital Medical School, London  
 14 DECEMBER 1984

POWERS HILARY J. A role for riboflavin in iron absorption? .....	66A
MCPHATE G. F. The effects of L-alanine, L-leucine, L-tryptophan and glucagon on galactose tolerance in man .....	67A
PIKAAR N. A., WEDEL M., VAN DOKKUM W. & HERMUS R. J. J. The influence of the type of starch and of the incorporation of soluble dietary fibre in breakfast and lunch on the levels of glucose, insulin and C-peptide in plasma .....	68A
PACY P. J., DODSON P. M., WEBSTER J. & TAYLOR K. G. Effect of a high-fibre, low-fat and low-sodium diet on white European and black West Indian type II diabetic patients with mild hypertension .....	69A
DODSON P. M., PACY P. J., COX E. V. & TAYLOR K. G. Four year follow-up treatment of essential hypertension with a high-fibre, low-fat and low-sodium dietary regimen .....	70A
WAN JENNIFER, GRIMBLE R. F. & GORE M. Decreased protein synthesis in skin, muscle and bone after interleukin 1 production by <i>Escherichia coli</i> endotoxin in rats .....	71A
FENN C. E. & MAUGHAN R. J. Factors limiting endurance exercise in hot and cold environments .....	72A
LOWELL JANET P. A comparison of the food habits of students from four courses .....	73A
CAMPBELL I. T. & SNOWDON S. L. The accuracy of the Engstrom Metabolic Computer .....	74A
NOBLE R. C., LONSDALE F., CONNOR K. & BROWN D. Effects of parental age and lipid metabolism in the chick embryo .....	75A
BRYAN LINDA, BUTTERY P. J. & FISHER C. The relationship between fractional growth rate and fractional rate of protein synthesis within a population of growing broilers .....	76A
VINCENT R. & LINDSAY D. B. Effect of pregnancy and lactation on muscle protein metabolism in sheep .....	77A
PEIRCE PAULA, JACKSON M., TOMKINS A. & MILLWARD D. J. Zinc is highly conserved in the severely Zn-deficient rat .....	78A
WOODWARD C. J. H. & EMERY P. W. Energy utilization during insulin-induced hyperphagia in rats .....	79A
FALCOU R., ROZEN R. & APFELBAUM M. Effect of a cafeteria diet on the metabolism of brown adipose tissue in young and old rats .....	80A
MANDENOFF A., BERTIERE M. C., BETOULLE D., FALCOU R., & APFELBAUM M. Responsiveness of epididymal adipose tissue to catecholamines and ponderal responsiveness to a cafeteria diet in rats .....	81A
PHILIPPO M., HUMPHRIES W. R. & ATKINSON T. The effect of molybdenum on fertility in the cow .....	82A
PARTRIDGE I. G., SIMON O. & BERGNER H. Dietary and endogenous nitrogen in different regions of the digestive tract of rats after a single meal of <sup>15</sup> N-labelled barley .....	83A
HEWITT D. & SIDDON R. C. The unsuitability of the weanling rat for assessing the protein quality of duodenal digesta from lucerne ( <i>Medicago sativa</i> ) silage-fed sheep .....	84A
NEWBOLD C. J., CHAMBERLAIN D. G. & WILLIAMS A. G. Ruminant metabolism of lactic acid in sheep receiving a diet of sugar beet pulp and hay .....	85A
VINCENT ISOBEL, HILL R., MICHELL A. R. & MOSS P. The production performance of ewes on 'adequate'- and 'low'-sodium diets .....	86A
MICHELL A. R., MOSS P., HILL R. & VINCENT ISOBEL Fluid and electrolyte balance during pregnancy in ewes on 'adequate'- and 'low'-sodium diets .....	87A
RATCLIFFE B., COLE C. B., FULLER R. & NEWPORT M. J. The effect of yoghurt on performance and the gut microflora of baby pigs .....	88A

# Proceedings of the Nutrition Society

CONTENTS OF VOL. 44, No. 2, JULY 1985

## SYMPOSIUM PROCEEDINGS

*Three Hundred and Ninety-ninth Scientific Meeting  
Medical and Biological Sciences Building, University of Southampton  
12/13 JULY 1984*

### NUTRITIONAL ASPECTS OF MEMBRANE STRUCTURE AND FUNCTION

*Chairmen: T. G. TAYLOR, University of Southampton, Southampton  
M. A. CRAWFORD, Institute of Zoology, London  
M. I. GURR, National Institute for Research in Dairying, Reading*

	PAGE
LEE A. G. Some principles of membrane structure	147-156
HOUSLAY MILES D. Regulation of adenylate cyclase (EC 4.6.1.1) activity by its lipid environment	157-165
HAWTHORNE J. N. Inositol phospholipid and phosphatidic acid metabolism in response to membrane receptor activation	167-172
FRASER D. R. Trace elements and vitamins in membrane function	173-179
HIGGS G. A. The effects of dietary intake of essential fatty acids on prostaglandin and leukotriene synthesis	181-187
YORK DAVID A. Alterations in membrane function, organization and composition in the obese <i>ob/ob</i> mouse	189-200
SMITH A. D., CONROY D. M., BELIN J. & STUBBS C. D. Membrane lipid modification and immune function	201-209
TEPPERMAN HELEN M. & TEPPERMAN JAY Membranes and the response to insulin	211-220
BUDOWSKI P. & CRAWFORD M. A. $\alpha$ -Linolenic acid as a regulator of the metabolism of arachidonic acid: dietary implications of the ratio, n-6:n-3 fatty acids	221-229
GURR M. I. Workshop report: are diet-induced changes of practical importance in nutrition?	231-233

*Four Hundred and First Scientific Meeting  
Martin Hall Lecture Theatre, University of Loughborough  
11/12 SEPTEMBER 1984*

### EXERCISE, A STIMULUS FOR METABOLISM AND A CHALLENGE TO NUTRITION

*Chairmen: P. O. ÅSTRAND, Karolinska Institute, University of Stockholm  
J. P. CROWDY, London*

PERRY S. V. The biochemistry and physiology of the muscle cell	235-243
WILLIAMS CLYDE Nutritional aspects of exercise-induced fatigue	245-256
GALBO HENRIK The hormonal response to exercise	257-266
SNOW D. H. The horse and dog, elite athletes—why and how?	267-272
DURNIN J. V. G. A. The energy cost of exercise	273-282
BRUCE A., EKBLOM B. & NILSSON I. The effect of vitamin and mineral supplements and health foods on physical endurance and performance	283-295
FENTEM P. H. Exercise and the promotion of health	297-302

*Four Hundred and Third Scientific Meeting  
One Hundred and Fifty-seventh Scottish Meeting  
Cowan House, Pollock Halls, Holyrood Park Road, Edinburgh  
25/26 SEPTEMBER 1984*

### FOOD INTAKE, AND ITS CONTROL BY FARM ANIMALS

*Chairman: P. N. WILSON, School of Agriculture, Edinburgh*

BALDWIN B. A. Neural and hormonal mechanisms regulating food intake	303-311
GENTLE MICHAEL J. Sensory involvement in the control of food intake in poultry	313-321
HOUP T. RICHARD The physiological determination of meal size in pigs	323-330
FORBES J. M. Similarities and differences between intake control mechanisms in pigs, chickens and ruminants	331-338
HODGSON J. The control of herbage intake in the grazing ruminant	339-346
FOWLER V. R. The importance of voluntary feed intake in pigs	347-353
BINES J. A. Feeding systems and food intake by housed da <sup>7</sup>	355-362
