Dictionary of Trade Policy Terms

Sixth Edition

Walter Goode

This book is intended for persons required to be familiar with the world of trade policy. It contains in accessible language over 3000 entries and cross-references of terms and concepts. It is aimed particularly at current issues, but it also provides a brief historical perspective of more complex issues.

- Gives a comprehensive overview of the terms and concepts used in international trade policy
- Explains these terms and concepts in accessible language and provides numerous examples of how they are used
- Nearly all entries include cross-references allowing readers to see the material in a broader context

Economics

Books and Journals from
Cambridge University Press

Cambridge's economics list is renowned for the breadth and quality of its publishing.

Our book list is home to the work of some of the most important economists in the history of the discipline, most notably John Maynard Keynes, as well as the work of almost 30 Sveriges Riksbank Nobel Prize laureates, including Kenneth Arrow, Herbert Simon, Robert Solow and Joseph Stiglitz.

This is complemented by a cluster of key journals such as *Econometric Theory*, *Journal of Economic History* and *Journal of Financial and Quantitative Analysis*.
