

RESETTING THE STAGE

Twenty-six original essays by leading critics and historians chart a paradigmatic shift in the study of English drama from the middle ages to 1641. In contrast to traditional emphasis on individual authors, the contributors here explore the place of the stage within the larger society, as well as issues of performance and physical space.

A NEW HISTORY OF EARLY ENGLISH DRAMA

John D. Cox and David Scott Kastan, editors
with a Foreword by Stephen J. Greenblatt

“Like most of the best literary scholarship of the past few decades, A NEW HISTORY OF EARLY ENGLISH DRAMA does not tell a simple story. It does not invite the reader to imagine that the theatrical activities of several centuries were an elaborate preparation or rehearsal for the career of William Shakespeare, nor does it offer a straightforward, unitary definition of the objects . . . that it analyzes. It forgoes the satisfaction of linear narrative and literary triumphalism in order to present a more capacious, confusing, and complex picture of early drama.”

—Stephen J. Greenblatt, from the Foreword

Reason Diminished

Shakespeare and the Marvelous

PETER G. PLATT

Peter Platt posits that, in Shakespeare's famous plays, wonder and the marvelous are assigned preeminent positions over reason and order. In fact, Platt argues that the marvelous played a crucial role in Renaissance culture as a whole.

PRAYER, DESPAIR, AND DRAMA

Elizabethan Introspection

PETER IVER KAUFMAN

"An extremely rich, complex study." — John Corrigan, Arizona State University West

Prayer, Despair, and Drama explores the godly sorrow of Elizabethan Calvinists and finds that what some have characterized as an evangelism of fear functioned more as a kind of religious therapy. Peter Iver Kaufman argues that the soul-searching and self-scourging of late Tudor Calvinism was reflected in the rhetoric of self-loathing prevalent in Elizabethan sermons, sonnets, and soliloquies.
