BOROBENPHENE-HEIL.

Borobenphene-Heil is a powerful, safe, reliable, non-irritating and pleasant antiseptic, composed of Boracic Acid, Benzoic Acid sublimed from Siamese Gum Benzoin, Phenol and Glycerine, all in the state of highest purity, and constitutes the **ideal antiseptic**, of sufficient strength to render aseptic any part of the human body.

Borobenphene in Digestive Troubles, Stomach Diseases, Cholera Infantum, Dysentery.

It has been my pleasure to use Borobenphene-Heil in my practice, with very gratifying results in digestive troubles and all forms of stomach diseases. In Cholera Infantum, Diarrhoea and Dysentery I first give a little mercury and bismuth alternately with Borobenphene-Heil, until I get the effect of the mercury and bismuth, then, dropping the mercury and bismuth, I continue the Borobenphene-Heil until well.

I have been practising medicine more than thirty years, and I can freely say I have found nothing as near a specific as Borobenphene-Heil for the above-mentioned diseases.

Yours truly, U. M. M—, M.D., Jackson, Mo.

GLYCOBENPHENE-HEIL.

Glycobenphene-Heil is a powerful, safe, reliable, non-irritating and pleasant antiseptic, of the same composition as Borobenphene, the proportion of the constituents being somewhat changed, and contains in addition absolutely chemically pure Oxide of Zinc. **It is for external use only**, and, being a mixture and not a solution, it should always be shaken before applying it. Its power of preventing the development of bacteria and the decomposition of animal and vegetable matter and of destroying bacteria is almost as great as that of Borobenphene-Heil.

Glycobenphene in Inflammation.

Many thanks for the sample of your Glycobenphene-Heil. I tried this preparation on an old case of inflammation and the results were fine, and I shall continue to use this preparation under such circumstances as that. It allays itching almost instantaneously and consequently was a welcome friend to the patient. Again thanking you for your liberality,

I am, yours truly,
Dr. J. B. M—, Greensboro, N.C.

Messrs. F. NEWBERY & SONS, Ltd., 27 & 28, Charterhouse Square, London, E.C., British Representatives of the Manufacturers, HENRY HEIL CHEMICAL COMPANY, ST. LOUIS, will cheerfully furnish an Original Bottle each of **BOROBENPHENE** and **GLYCOBENPHENE** free of charge to any Physician applying for same. Literature mailed on application to **HENRY HEIL CHEMICAL COMPANY.**
