

CORRIGENDUM

Formability and anisotropy of the mechanical properties in commercially pure titanium after various routes normal and different speed rolling – CORRIGENDUM

Lifei Wang, Hua Zhang, Guangsheng Huang, Miao Cao, Xiaoqing Cao, Ehsan Mostaed, and Maurizio Vedani

doi: 10.1557/jmr.2016.352, Published by Materials Research Society with Cambridge University Press, 3 October 2016.

In Wang et al.,¹ the author Ehsan Mostaed's first name was misspelled as "Ehasn."

The authors regret this error, and the original has since been updated.
