

## Index of Subjects

### Adrenalectomy

The effects of dietary fat content on the growth and body composition of lean and genetically obese Zucker rats adrenalectomized before weaning. **60, 563, 1988**

### $\beta$ -Adrenergic agonist

Effects of the  $\beta$ -agonist, cimaterol, on growth, body composition and energy expenditure in rats. **60, 85, 1988**

Increased body-weight gain and body protein in castrated and adrenalectomized rats treated with clenbuterol. **60, 355, 1988**

The relation between dietary restriction or clenbuterol (a selective  $\beta_2$  agonist) treatment on muscle growth and calpain proteinase (*EC* 3.4.22.17) and calpastatin activities in lambs. **60, 645, 1988**

### Alcohol

The effect of alcoholic beverages on iron and zinc metabolism in the rat. **60, 209, 1988**

### Amino acid absorption

Absorption kinetics of dietary hydrolysis products in conscious pigs given diets with different amounts of fish protein. 2. Individual amino acids. **60, 105, 1988**

Amino acid absorption and production of pancreatic hormones in non-anaesthetized pigs after duodenal infusions of a milk enzymic hydrolysate or of free amino acids. **60, 121, 1988**

### Amino-nitrogen absorption

Absorption kinetics of dietary hydrolysis products in conscious pigs given diets with different amounts of fish protein. 1. Amino-nitrogen and glucose. **60, 91, 1988**

### Anthropometric indices

Nutritional status of healthy, active, Chinese elderly. **60, 21, 1988**

### Ascorbic acid

Growth, ascorbic acid and iron contents of tissues of young guinea-pigs whose dams received high or low levels of dietary ascorbic acid or Fe during pregnancy and suckling. **60, 487, 1988**

### Bacterial enzymes

Influence of starches of low digestibility on the rat caecal microflora. **60, 597, 1988**

### Balanced re-feeding

Effects of age, and protein malnutrition followed by a balanced diet on the non-parallel change in digestive enzymes in the pancreas and their secretion in the rat. **60, 619, 1988**

### Barley

The effect of date of cut and barley substitution on gain and on the efficiency of utilization of grass silage by growing cattle. 1. Gains in live weight and its components. **60, 297, 1988**

The effect of date of cut and barley substitution on

gain and on the efficiency of utilization of grass silage by growing cattle. 2. Nutrient supply and energy partition. **60, 307, 1988**

### Basal metabolic rate

The effect of the preceding day's protein intake on basal metabolic rates in young adults. **60, 425, 1988**

### Body composition

Increased body-weight gain and body protein in castrated and adrenalectomized rats treated with clenbuterol. **60, 355, 1988**

The effects of dietary fat content on the growth and body composition of lean and genetically obese Zucker rats adrenalectomized before weaning. **60, 563, 1988**

### British diet

Trace nutrients. 5. Minerals and vitamins in the British household food supply. **60, 413, 1988**

### Calpains

The relation between dietary restriction or clenbuterol (a selective  $\beta_2$  agonist) treatment on muscle growth and calpain proteinase (*EC* 3.4.22.17) and calpastatin activities in lambs. **60, 645, 1988**

### Calpastatin

The relation between dietary restriction or clenbuterol (a selective  $\beta_2$  agonist) treatment on muscle growth and calpain proteinase (*EC* 3.4.22.17) and calpastatin activities in lambs. **60, 645, 1988**

### Carbohydrate digestion

The degradation of different protein supplements in the rumen of steers and the effects of these supplements on carbohydrate digestion. **60, 669, 1988**

### Carbohydrate metabolism

Effect of reduced dietary zinc intake on carbohydrate and Zn metabolism in the genetically diabetic mouse (*C57BL/KsJ db + /db +*). **60, 499, 1988**

### Cimaterol

Effects of the  $\beta$ -agonist, cimaterol, on growth, body composition and energy expenditure in rats. **60, 85, 1988**

### Circadian variation

Circadian variation in abomasal digesta flow in grazing ewes during lactation. **60, 653, 1988**

### Clenbuterol

Increased body-weight gain and body protein in castrated and adrenalectomized rats treated with clenbuterol. **60, 355, 1988**

The relation between dietary restriction or clenbuterol (a selective  $\beta_2$  agonist) treatment on muscle growth and calpain proteinase (*EC* 3.4.22.17) and calpastatin activities in lambs. **60, 645, 1988**

**Compartment models**

Compartment models for estimating attributes of digesta flow in cattle. 60, 571, 1988

**Copper deficiency**

Studies on the roles of apotransferrin and caeruloplasmin (*EC* 1.16.3.1) on iron absorption in copper-deficient rats using an isolated vascularly- and lumenally-perfused intestinal preparation. 60, 361, 1988

**Coronary heart disease**

Vitamin A reserve of liver in health and coronary heart disease among ethnic groups in Singapore. 60, 407, 1988

**Diabetes**

Effect of reduced dietary zinc intake on carbohydrate and Zn metabolism in the genetically diabetic mouse (*C57BL/KsJ db + /db +*). 60, 499, 1988

**Dietary fibre**

Fermentation of wheat bran and gum arabic in rats fed on an elemental diet. 60, 225, 1988

The relation between bacterial degradation of viscous polysaccharides and stool output in human beings. 60, 467, 1988

**Dietary polysaccharides**

Intestinal microflora and gastrointestinal adaptation in the rat in response to non-digestible dietary polysaccharides. 60, 197, 1988

**Digesta flow**

Compartment models for estimating attributes of digesta flow in cattle. 60, 571, 1988

Circadian variation in abomasal digesta flow in grazing ewes during lactation. 60, 653, 1988

**Digestive enzyme inhibitors**

Effects of condensed tannins prepared from leaves of fodder plants on digestive enzymes *in vitro* and in the intestine of rats. 60, 275, 1988

**Eicosapentaenoic acid**

Uptake of exogenous and endogenous eicosapentaenoic acid by cultured human mononuclear cells. 60, 13, 1988

**Elemental diet**

Fermentation of wheat bran and gum arabic in rats fed on an elemental diet. 60, 225, 1988

**Energy balance**

Effects of substitution of tricaproin for tallow and of protein concentration in milk substitutes on nitrogen and energy balance in the preruminant lamb. 60, 525, 1988

**Enzyme activity**

Effects of condensed tannins prepared from leaves of fodder plants on digestive enzymes *in vitro* and in the intestine of rats. 60, 275, 1988

Effect of tannin-rich leaves of oak (*Quercus incana*) on various microbial enzyme activities of the bovine rumen. 60, 287, 1988

**Equilibrium body-weight**

An evaluation of the relation between food consumption rate and equilibrium body-weight in male rats. 60, 151, 1988

**Ethnic groups**

Vitamin A reserve of liver in health and coronary heart disease among ethnic groups in Singapore. 60, 407, 1988

**Faecal output**

The relation between bacterial degradation of viscous polysaccharides and stool output in human beings. 60, 467, 1988

**Fat intake**

The effects of dietary fat content on the growth and body composition of lean and genetically obese Zucker rats adrenalectomized before weaning. 60, 563, 1988

**Fatty acids**

The effect of a dietary supplement of *n*-3 polyunsaturated fat on platelet lipid composition, platelet function and platelet plasma membrane fluidity in healthy volunteers. 60, 5, 1988

Uptake of exogenous and endogenous eicosapentaenoic acid by cultured human mononuclear cells. 60, 13, 1988

The effect of Intralipid® infusion on the human leucocyte sodium-pump *in vivo*. 60, 49, 1988

Effects of dietary-fish-oil feeding on muscle growth and damage in the rat. 60, 217, 1988

Time-course effects of protein malnutrition on hepatic fatty acids  $\Delta 6$  and  $\Delta 5$  desaturation in the growing rat. 60, 389, 1988

**Feeding frequency**

Feeding frequency for lactating cows: diurnal patterns of hormones and metabolites in peripheral blood in relation to milk-fat concentration. 60, 265, 1988

**Fishmeal**

Protein metabolism in the rumen of silage-fed steers: effect of fishmeal supplementation. 60, 339, 1988

**Fishmeal amino acids**

Absorption kinetics of dietary hydrolysis products in conscious pigs given diets with different amounts of fish protein. 2. Individual amino acids. 60, 105, 1988

**Fish oils**

The effect of a dietary supplement of *n*-3 polyunsaturated fat on platelet lipid composition, platelet function and platelet plasma membrane fluidity in healthy volunteers. 60, 5, 1988

Effects of dietary-fish-oil feeding on muscle growth and damage in the rat. 60, 217, 1988

**Food intake**

Food intake and work allocation of male and female farmers in an impoverished Indian village. 60, 433, 1988

**Forages**

The digestion of perennial ryegrass (*Lolium perenne* cv. Melle) and white clover (*Trifolium repens* cv. Blanca) by grazing cattle. 60, 137, 1988

The effect of date of cut and barley substitution on gain and on the efficiency of utilization of grass silage by growing cattle. 1. Gains in live weight and its components. 60, 297, 1988

The effect of date of cut and barley substitution on gain and on the efficiency of utilization of grass silage by growing cattle. 2. Nutrient supply and energy partition. 60, 307, 1988

**Gastric emptying**

The effect of dietary modification and hyperglycaemia on gastric emptying and gastric inhibitory polypeptide (GIP) secretion. 60, 29, 1988

**Gastric inhibitory polypeptide**

The effect of dietary modification and hyperglycaemia on gastric emptying and gastric inhibitory polypeptide (GIP) secretion. 60, 29, 1988

**Gastrointestinal adaptation**

Intestinal microflora and gastrointestinal adaptation in the rat in response to non-digestible dietary polysaccharides. 60, 197, 1988

**Glucose**

Partition of portal-drained visceral net flux in beef steers. 1. Blood flow and net flux of oxygen, glucose and nitrogenous compounds across stomach and post-stomach tissues. 60, 539, 1988

**Glucose absorption**

Absorption kinetics of dietary hydrolysis products in conscious pigs given diets with different amounts of fish protein. 1. Amino-nitrogen and glucose. 60, 91, 1988

**Glucose homeostasis**

Influence of low- and high-protein diets on glucose homeostasis in the rat. 60, 509, 1988

**Glucose metabolism**

Glucose metabolism in shorn and unshorn pregnant sheep. 60, 249, 1988

**Glutathione peroxidase**

Effect of dietary methionine on tissue selenium and glutathione peroxidase (*EC* 1.11.1.9) activity in rats given selenomethionine. 60, 57, 1988

**Growth**

Effects of the  $\beta$ -agonist, cimaterol, on growth, body composition and energy expenditure in rats. 60, 85, 1988

An evaluation of the relation between food consumption rate and equilibrium body-weight in male rats. 60, 151, 1988

The effect of date of cut and barley substitution on gain and on the efficiency of utilization of grass silage by growing cattle. 1. Gains in live weight and its components. 60, 297, 1988

Growth, ascorbic acid and iron contents of tissues of young guinea-pigs whose dams received high or low levels of dietary ascorbic acid or Fe during pregnancy and suckling. 60, 487, 1988

The relation between dietary restriction or clenbuterol (a selective  $\beta_2$  agonist) treatment on muscle growth and calpain proteinase (*EC* 3.4.22.17) and calpastatin activities in lambs. 60, 645, 1988

**Guar gum**

The relation between bacterial degradation of viscous polysaccharides and stool output in human beings. 60, 467, 1988

**Gum arabic**

Fermentation of wheat bran and gum arabic in rats fed on an elemental diet. 60, 225, 1988

**Gut flora**

Influence of starches of low digestibility on the rat caecal microflora. 60, 597, 1988

**Gut metabolism**

Partition of portal-drained visceral net flux in beef steers. 1. Blood flow and net flux of oxygen, glucose and nitrogenous compounds across stomach and post-stomach tissues. 60, 539, 1988

Partition of portal-drained visceral net flux in beef

steers. 2. Net flux of volatile fatty acids, D- $\beta$ -hydroxybutyrate and L-lactate across stomach and post-stomach tissues. 60, 553, 1988

**Hemicellulose degradation**

Degradation of hemicellulose and pectin by horse caecum contents. 60, 185, 1988

**Hormones, diurnal patterns**

Feeding frequency for lactating cows: diurnal patterns of hormones and metabolites in peripheral blood in relation to milk-fat concentration. 60, 265, 1988

**Horse caecum**

Degradation of hemicellulose and pectin by horse caecum contents. 60, 185, 1988

**Hyperglycaemia**

The effect of dietary modification and hyperglycaemia on gastric emptying and gastric inhibitory polypeptide (GIP) secretion. 60, 29, 1988

**Indian farmers**

Food intake and work allocation of male and female farmers in an impoverished Indian village. 60, 433, 1988

**Indigestible particles**

Passage of indigestible particles of various specific gravities in sheep and goats. 60, 683, 1988

**Insulin**

Influence of low- and high-protein diets on glucose homeostasis in the rat. 60, 509, 1988

**Intermittent feeding**

The synthesis in vivo of proteins in various tissues in chickens adapted to intermittent feeding. 60, 517, 1988

**Intestinal microflora**

Intestinal microflora and gastrointestinal adaptation in the rat in response to non-digestible dietary polysaccharides. 60, 197, 1988

**Intra-individual variability**

The effect of the preceding day's protein intake on basal metabolic rates in young adults. 60, 425, 1988

**Iron**

Growth, ascorbic acid and iron contents of tissues of young guinea-pigs whose dams received high or low levels of dietary ascorbic acid or Fe during pregnancy and suckling. 60, 487, 1988

**Iron absorption**

Studies on the roles of apotransferrin and caeruloplasmin (*EC* 1.16.3.1) on iron absorption in copper-deficient rats using an isolated vascularly and lumenally-perfused intestinal preparation. 60, 361, 1988

**Iron deficiency**

Impact of maternal iron deficiency on quality and quantity of milk ingested by neonatal rats. 60, 477, 1988

**Iron metabolism**

The effect of alcoholic beverages on iron and zinc metabolism in the rat. 60, 209, 1988

**Lactation**

Impact of maternal iron deficiency on quality and quantity of milk ingested by neonatal rats. 60, 477, 1988

Circadian variation in abomasal digesta flow in grazing ewes during lactation. 60, 653, 1988

**Leucine metabolism**

Initial studies on leucine metabolism in the rumen of sheep. 60, 161, 1988

**Liver cells**

Distribution of retinol in rat liver cells: effect of age, sex and nutritional status. 60, 233, 1988

**Maintenance requirements**

An evaluation of the relation between food consumption rate and equilibrium body-weight in male rats. 60, 151, 1988

**Markers**

Estimation of the intake of milk by lambs, from the turnover of deuterium- or tritium-labelled water. 60, 375, 1988

Importance of body tissues as sources of nutrients for milk synthesis in the cow, using <sup>13</sup>C as a marker. 60, 605, 1988

**Meal composition**

The effect of meal composition on the degree of satiation following a test meal and possible mechanisms involved. 60, 441, 1988

**Metabolic response**

The effect of meal composition on the degree of satiation following a test meal and possible mechanisms involved. 60, 441, 1988

**Methionine**

Effect of dietary methionine on tissue selenium and glutathione peroxidase (*EC* 1.11.1.9) activity in rats given selenomethionine. 60, 57, 1988

**N<sup>15</sup>-Methylhistidine**

Further studies on the nutritional factors affecting the urinary excretion of acid-soluble peptides in rats. 60, 321, 1988

**Microsomal desaturases**

Time-course effects of protein malnutrition on hepatic fatty acids Δ<sub>6</sub> and Δ<sub>5</sub> desaturation in the growing rat. 60, 389, 1988

**Milk composition**

Impact of maternal iron deficiency on quality and quantity of milk ingested by neonatal rats. 60, 477, 1988

**Milk fat**

Feeding frequency for lactating cows: diurnal patterns of hormones and metabolites in peripheral blood in relation to milk-fat concentration. 60, 265, 1988

**Milk intake**

Estimation of the intake of milk by lambs, from the turnover of deuterium- or tritium-labelled water. 60, 375, 1988

**Milk synthesis**

Importance of body tissues as sources of nutrients for milk synthesis in the cow, using <sup>13</sup>C as a marker. 60, 605, 1988

**Minerals**

Trace nutrients. 5. Minerals and vitamins in the British household food supply. 60, 413, 1988

**Mononuclear cells**

Uptake of exogenous and endogenous eicosapentaenoic acid by cultured human mononuclear cells. 60, 13, 1988

**Muscle damage**

Effects of dietary-fish-oil feeding on muscle growth and damage in the rat. 60, 217, 1988

**Nitrogen**

Partition of portal-drained visceral net flux in beef steers. 1. Blood flow and net flux of oxygen, glucose and nitrogenous compounds across stomach and post-stomach tissues. 60, 539, 1988

**Nitrogen balance**

Nitrogen balance study in young Nigerian adult males using four levels of protein intake. 60, 451, 1988

**Non-esterified fatty acids**

Relations between plasma non-esterified fatty acid metabolism and body tissue mobilization during chronic undernutrition in goats. 60, 633, 1988

**Noradrenaline**

The effect of underfeeding on the physiological response to food ingestion in normal weight women. 60, 39, 1988

**Nutrient supply**

The digestion of perennial ryegrass (*Lolium perenne* cv. Melle) and white clover (*Trifolium repens* cv. Blanca) by grazing cattle. 60, 137, 1988

The effect of date of cut and barley substitution on gain and on the efficiency of utilization of grass silage by growing cattle. 2. Nutrient supply and energy partition. 60, 307, 1988

**Nutritional status**

Nutritional status of healthy, active, Chinese elderly. 60, 21, 1988

**Obesity**

The effects of dietary fat content on the growth and body composition of lean and genetically obese Zucker rats adrenalectomized before weaning. 60, 563, 1988

**Old age**

Nutritional status of healthy, active, Chinese elderly. 60, 21, 1988

**Oxygen**

Partition of portal-drained visceral net flux in beef steers. 1. Blood flow and net flux of oxygen, glucose and nitrogenous compounds across stomach and post-stomach tissues. 60, 539, 1988

**Pancreas**

Effects of age, and protein malnutrition followed by a balanced diet on the non-parallel change in digestive enzymes in the pancreas and their secretion in the rat. 60, 619, 1988

**Pancreatic hormones**

Effect of the duration of malnutrition and of nutritional rehabilitation on blood glucose homeostasis and pancreatic hormones in rats. 60, 69, 1988

Amino acid absorption and production of pancreatic hormones in non-anaesthetized pigs after duodenal infusions of a milk enzymic hydrolysate or of free amino acids. 60, 121, 1988

**Pectin degradation**

Degradation of hemicellulose and pectin by horse caecum contents. 60, 185, 1988

**Perfused intestine**

Studies on the roles of apotransferrin and caeruloplasmin (*EC* 1.16.3.1) on iron absorption in copper-deficient rats using an isolated vascularly- and lumenally-perfused intestinal preparation. 60, 361, 1988

**Platelet plasma membrane**

The effect of a dietary supplement of *n*-3 polyunsaturated fat on platelet lipid composition, platelet function and platelet plasma membrane fluidity in healthy volunteers. **60**, 5, 1988

**Pregnancy**

Glucose metabolism in shorn and unshorn pregnant sheep. **60**, 249, 1988

**Preruminant lamb**

Contribution of liver, skin and skeletal muscle to whole-body protein synthesis in the young lamb. **60**, 77, 1988

**Protein degradation**

Monitoring the fate of dietary proteins in rumen fluid using gel electrophoresis. **60**, 241, 1988

**Protein digestion**

The degradation of different protein supplements in the rumen of steers and the effects of these supplements on carbohydrate digestion. **60**, 669, 1988

**Protein-energy malnutrition**

Effect of the duration of malnutrition and of nutritional rehabilitation on blood glucose homeostasis and pancreatic hormones in rats. **60**, 69, 1988

**Protein intake**

The effect of the preceding day's protein intake on basal metabolic rates in young adults. **60**, 425, 1988

Nitrogen balance study in young Nigerian adult males using four levels of protein intake. **60**, 451, 1988

Influence of low- and high-protein diets on glucose homeostasis in the rat. **60**, 509, 1988

Effects of substitution of tricaproin for tallow and of protein concentration in milk substitutes on nitrogen and energy balance in the preruminant lamb. **60**, 525, 1988

**Protein malnutrition**

Time-course effects of protein malnutrition on hepatic fatty acids  $\Delta 6$  and  $\Delta 5$  desaturation in the growing rat. **60**, 389, 1988

Effects of age, and protein malnutrition followed by a balanced diet on the non-parallel change in digestive enzymes in the pancreas and their secretion in the rat. **60**, 619, 1988

**Protein metabolism**

Protein metabolism in the rumen of silage-fed steers: effect of fishmeal supplementation. **60**, 339, 1988

**Protein requirements**

Long-term evaluation of the adequacy of habitual diets to provide protein needs of adult Nigerian men. **60**, 459, 1988

**Protein status**

Further studies on the nutritional factors affecting the urinary excretion of acid-soluble peptides in rats. **60**, 321, 1988

**Protein synthesis**

Contribution of liver, skin and skeletal muscle to whole-body protein synthesis in the young lamb. **60**, 77, 1988

The synthesis in vivo of proteins in various tissues in chickens adapted to intermittent feeding. **60**, 517, 1988

**Rumen bacteria**

Initial studies on leucine metabolism in the rumen of sheep. **60**, 161, 1988

**Rumen fluid**

Monitoring the fate of dietary proteins in rumen fluid using gel electrophoresis. **60**, 241, 1988

**Rumen metabolism**

The digestion of perennial ryegrass (*Lolium perenne* cv. Melle) and white clover (*Trifolium repens* cv. Blanca) by grazing cattle. **60**, 137, 1988

Protein metabolism in the rumen of silage-fed steers: effect of fishmeal supplementation. **60**, 339, 1988

The degradation of different protein supplements in the rumen of steers and the effects of these supplements on carbohydrate digestion. **60**, 669, 1988

**Rumen microbial enzymes**

Effect of tannin-rich leaves of oak (*Quercus incana*) on various microbial enzyme activities of the bovine rumen. **60**, 287, 1988

**Satiation**

The effect of meal composition on the degree of satiation following a test meal and possible mechanisms involved. **60**, 441, 1988

**Selenium**

Effect of dietary methionine on tissue selenium and glutathione peroxidase (EC 1.11.1.9) activity in rats given selenomethionine. **60**, 57, 1988

**Shorn sheep**

Glucose metabolism in shorn and unshorn pregnant sheep. **60**, 249, 1988

**Silage**

The effect of date of cut and barley substitution on gain and on the efficiency of utilization of grass silage by growing cattle. 1. Gains in live weight and its components. **60**, 297, 1988

The effect of date of cut and barley substitution on gain and on the efficiency of utilization of grass silage by growing cattle. 2. Nutrient supply and energy partition. **60**, 307, 1988

**Sodium pump**

The effect of Intralipid® infusion on the human leucocyte sodium-pump in vivo. **60**, 49, 1988

**Specific gravity of particles**

Passage of indigestible particles of various specific gravities in sheep and goats. **60**, 683, 1988

**Starches**

Influence of starches of low digestibility on the rat caecal microflora. **60**, 597, 1988

**Stellate cells**

Distribution of retinol in rat liver cells: effect of age, sex and nutritional status. **60**, 233, 1988

**Sweet potato**

Quality improvement of sweet-potato (*Ipomoea batatas* L. Lam.) roots as feed by ensilage. **60**, 173, 1988

**Tannins**

Effects of condensed tannins prepared from leaves of fodder plants on digestive enzymes in vitro and in the intestine of rats. **60**, 275, 1988

Effect of tannin-rich leaves of oak (*Quercus incana*) on various microbial enzyme activities of the bovine rumen. **60**, 287, 1988

**Thermogenesis**

The effect of underfeeding on the physiological response to food ingestion in normal weight women. **60, 39, 1988**

**Tissue mobilization**

Importance of body tissues as sources of nutrients for milk synthesis in the cow, using  $^{13}\text{C}$  as a marker. **60, 605, 1988**

Relations between plasma non-esterified fatty acid metabolism and body tissue mobilization during chronic undernutrition in goats. **60, 633, 1988**

**Tricaproin**

Effects of substitution of tricaproin for tallow and of protein concentration in milk substitutes on nitrogen and energy balance in the preruminant lamb. **60, 525, 1988**

**Trypsin inhibitor**

Quality improvement of sweet-potato (*Ipomoea batatas* L. Lam.) roots as feed by ensilage. **60, 173, 1988**

**Underfeeding**

The effect of underfeeding on the physiological response to food ingestion in normal weight women. **60, 39, 1988**

**Undernutrition**

Relations between plasma non-esterified fatty acid metabolism and body tissue mobilization during chronic undernutrition in goats. **60, 633, 1988**

**Unsaturated fatty acids**

The effect of Intralipid® infusion on the human leucocyte sodium-pump in vivo. **60, 49, 1988**

**Urinary peptides**

Further studies on the nutritional factors affecting the urinary excretion of acid-soluble peptides in rats. **60, 321, 1988**

**Vitamin A**

Distribution of retinol in rat liver cells: effect of age, sex and nutritional status. **60, 233, 1988**

Vitamin A reserve of liver in health and coronary heart disease among ethnic groups in Singapore. **60, 407, 1988**

**Vitamins**

Trace nutrients. 5. Minerals and vitamins in the British household food supply. **60, 413, 1988**

**Volatile fatty acids**

Partition of portal-drained visceral net flux in beef steers. 2. Net flux of volatile fatty acids, D- $\beta$ -hydroxybutyrate and L-lactate across stomach and post-stomach tissues. **60, 553, 1988**

**Wheat bran**

Fermentation of wheat bran and gum arabic in rats fed on an elemental diet. **60, 225, 1988**

**Work allocation**

Food intake and work allocation of male and female farmers in an impoverished Indian village. **60, 433, 1988**

**Zinc**

Effect of reduced dietary zinc intake on carbohydrate and Zn metabolism in the genetically diabetic mouse (C57BL/KsJ *db+ / db+*). **60, 499, 1988**

**Zinc metabolism**

The effect of alcoholic beverages on iron and zinc metabolism in the rat. **60, 209, 1988**
