

The effect of light on fattening pigs. By R. BRAUDE, K. G. MITCHELL, P. FINN-KELSEY and V. M. OWEN xxxviii

The amino-acid standards for calculating chemical score. By A. E. BENDER xxxix

The relationship between amino-acid composition of bread protein and its biological value. By J. A. PALGRAVE xl

Protein malnutrition—a note on nomenclature. By B. S. PLATT xl

The effects on pigs of a low-protein diet with and without additional carbohydrate. By C. R. C. HEARD, B. S. PLATT and R. J. C. STEWART xli

Ascorbic-acid requirements of the dog. By D. J. NAISMITH xlii

The nutritive value of meat dehydrated by the vacuum oil technique. By P. L. PELLETT xliii

Nutritive value of wheat from the Rothamsted Broadbalk field. By D. S. MILLER and I. S. DEMA xlv

The effect of heat treatment on the net protein utilization (N.P.U.) of [³H] lysine-labelled pork. By I. S. DEMA, J. DONE, D. S. MILLER and P. R. PAYNE xlv

Some dietary differences among manual workers' families associated with variations in income. By W. L. READMAN and ELIZABETH ANNE DRURY xlvi

The effect of the level of roughage in the rearing diet on the ability of adult cattle to utilize roughage. By C. C. BALCH, R. C. CAMPLING, V. W. JOHNSON and JILL ROY xlvi

Raw meat and carnivores: the effects of feeding ox heart to kittens. By J. P. GREAVES, PATRICIA P. SCOTT and M. G. SCOTT xlvii

The effect of hexoestrol on the nucleic-acid content of the anterior pituitary gland of yearling male sheep. By E. M. MARTIN and G. E. LAMMING xlviii

Proteolytic enzymes and the clotting of milk in the stomach of the young pig. By R. BRAUDE, A. M. DOLLAR, K. G. MITCHELL, J. W. G. PORTER and D. M. WALKER xlix

FORTHCOMING ISSUE

It is hoped to publish in the next issue of the *Proceedings of The Nutrition Society* reports of symposia on Applied Nutrition: the Human Factor in Group Feeding (11 July 1958), Nutritional Hazards Caused by Radioactive Contamination of Foods (27 September 1958) and Nutrition and Teeth (4 October 1958) and abstracts of communications to be presented at the Open Scientific Meeting on 13 December 1958.

CONTENTS OF VOLUME 17, No. 2, 1958

(All rights reserved)

SYMPOSIUM PROCEEDINGS

One Hundred and Fifteenth Scientific Meeting

FISH	PAGE
The fish supplies of the world. By D. B. FINN	122
The food supplies of the fish. By J. H. FRASER	127
The conservation of fish stocks. By J. A. GULLAND	132
Commentary on the preservation and distribution of the catch. By GEORGE A. REAY	137
Fish meal in livestock feeding. By A. A. WOODHAM	142
Some consumer aspects of fish as food. By C. L. CUTTING	147
The use of fish flours as human food. By THE NUTRITION DIVISION, FOOD AND AGRICULTURE ORGANIZATION OF THE UNITED NATIONS	153
The nutritional significance of fish lipids. By J. A. LOVERN	161

One Hundred and Sixteenth Scientific Meeting

NUTRITION AND CLIMATIC STRESS	PAGE
Chairman's introductory remarks: the assessment of climate. By THOMAS BEDFORD	167
Rations for polar travel. By H. E. LEWIS and J. P. MASTERTON	170
Heat stress and nutrition. By R. H. FOX	173
Some quantitative interrelationships among thermal environment, human metabolism and nutrition. By R. E. JOHNSON and F. SARGENT II	179
Physiological reactions of cattle to climatic stress. By J. D. FINDLAY	186
Nutrition and climatic stress in farm animals. By K. L. BLAXTER	191

ABSTRACTS OF COMMUNICATIONS

One Hundred and Fourteenth Scientific Meeting

The action of cortisone on protein metabolism at different levels of protein and energy intake. By G. A. J. GOODLAD and H. N. MUNRO	xxiii
Dietary protein and the metabolism of ribonucleic acid in rat hepatoma. By H. N. MUNRO and C. M. CLARK	xxiv
Cod-liver oil as a source of vitamin E. By T. MOORE, I. M. SHARMAN and R. J. WARD	xxiv
Some studies on the isolation of proteolytic bacteria from the rumen. By T. H. BLACKBURN and P. N. HOBSON	xxv
Fermentation of pentoses by suspensions of mixed rumen bacteria. By B. H. HOWARD	xxvi
The effect of dietary advice on the rate of weight gain during pregnancy. By NAN R. TAGGART and A. M. THOMSON	xxvii
Changes in stored herring meal. 1. Nutritive value of the protein. By K. J. CARPENTER	xxviii
Changes in stored herring meal. 2. Oxidation of the lipids. By C. H. LEA and L. J. PARR	xxix
The variations in the concentrations of copper and iron within and between the lobes of pig's liver. By J. CASSIDY and J. K. EVA	xxx
Relationship between the copper and iron concentrations in pigs' livers. By J. CASSIDY and J. K. EVA	xxxi
The effect of environmental temperature and level of feeding on food utilization by sheep. By D. G. ARMSTRONG, K. L. BLAXTER, N. MCC. GRAHAM and F. W. WAINMAN	xxxii
The heat increment of acetic acid partially neutralized with sodium hydroxide, in fasting sheep. By D. G. ARMSTRONG, K. L. BLAXTER and N. MCC. GRAHAM	xxxii

One Hundred and Seventeenth Scientific Meeting

The mechanism of postoperative malabsorption syndrome leading to secondary protein malnutrition. By Z. A. LEITNER	xxxiii
Thyroid enlargement in schoolchildren. By D. E. HUGHES, K. RODGERS and DAGMAR C. WILSON	xxxiv
The response of obese human subjects to isocaloric diets. By A. KEKWICK and G. L. S. PAWAN	xxxv
New process applied to meat preservation. By C. RADOUCO-THOMAS, R. ZENDER, C. LATASTE-DOROLLE, R. BUSSET and R. F. MOUTON	xxxvi
A numerical index of protein nutrition and function in human adults. By R. L. WORRALL	xxxvii
