

INTERNATIONAL HYDROGRAPHIC BUREAU
B.P. 445
7, Avenue Président J.F. Kennedy, MC 98011 MONACO CEDEX

publishes
twice a year, in January and July
an English and a French edition of

THE INTERNATIONAL HYDROGRAPHIC REVIEW

This publication contains articles of topical interest on hydrography, oceanography, cartography, navigation, photogrammetry, geodesy and allied subjects, radio aids, automation, new instruments and techniques. As a new feature, the July issue is devoted to specific topics.

Approx. 165 pages, 18 × 27 cm; numerous illustrations
Original articles for publication are welcome

The Bureau also publishes monthly the

INTERNATIONAL HYDROGRAPHIC BULLETIN

which contains topical news, reports the work undertaken by the I.H. Bureau and the world hydrographic community, covers recent developments in hydrographic instrumentation and training programmes, describes new survey vessels, etc. Charts and publications issued by Hydrographic Offices are listed each month, and there is a comprehensive monthly bibliography on hydrography and related subjects.

An
Invitation
to join

The Society for Nautical Research

the international
society for all
interested in

maritime research
nautical archaeology
ships and shipbuilding
naval history
seafaring in all ages

Patron:
HRH

The Duke of
Edinburgh

President:
Admiral of
the Fleet
The Lord Lewin
of Greenwich

The Society was founded in London in 1910 by a group of leading nautical historians to foster the study of ships and seafaring in all its many aspects throughout the world and in all ages. Since then the Society has flourished and has members in 48 countries.

The Society's quarterly journal, *The Mariner's Mirror*, is internationally recognised as the leading English language journal on naval and maritime history. Articles, Notes, Queries, Answers and general features cover all aspects of ships and the sea - piracy, navigation, naval operations, nautical archaeology, exploration, ship design, dockyards and much more.

The Society played a leading part in the saving of HMS *Victory* for the nation. It founded and administers the Save the *Victory* Fund which provides timbers, cordage and stores for the

ship which cannot be supplied from naval sources. Members serve on the *Victory* Advisory Technical Committee providing expert historical and professional advice on the restoration of the flagship.

The Society was in the forefront of the campaign to found the National Maritime Museum and it buys new acquisitions for the Museum from the MacPherson Collection Endowment Fund which it established in 1928.

The Society does much more in encouraging maritime research, organising lectures and seminars and it sponsors a major biennial prize essay competition.

New Members will be very welcome. The annual subscription is £20. Please contact: The Hon Membership Secretary, SNR, 5 Goodwood Close, Midhurst, West Sussex GU29 9JG.

THE ROYAL INSTITUTE OF NAVIGATION

Aims and Objects

The objects of the Institute are to unite in one body those who are concerned with or who are interested in navigation and to further its development. Navigation is conceived as applying to locomotion of all kinds and is perceived as encompassing aspects of: command and control, psychology and zoology, operational research, risk analysis, theoretical physics, operation in hostile environments, instrumentation, ergonomics, financial planning and law as well as electronics, astronomy, mathematics, cartography and other subjects traditionally associated with navigation.

The aims of the Institute are to encourage the creation and dissemination of knowledge through research and development, to co-ordinate information from all the disciplines involved, to provide a forum in which new ideas and new products can have the benefit of informed and professional scrutiny and to further education and communication.

The Institute initiates conferences and symposia on specific subjects and has a programme of meetings at which lectures are given and discussed. There are standing Study Groups which keep under constant review pertinent aspects of navigation. The success of these Study Groups is crucially dependent on the active involvement of members.

The Institute publishes *The Journal of Navigation* three times a year. It contains papers which have been presented at meetings together with the ensuing discussion, other original papers, selected papers and reports from Study Groups, and book reviews. The Institute also publishes *Navigation News* six times a year which contains a full account of the Institute's proceedings and activities. This includes Branch News, a record of current navigational work, a diary of events, topical articles, news about Membership and advertising. A great deal of the Institute's work is international in character and is co-ordinated with that of similar organizations in other countries. There are also active Branches throughout the United Kingdom.

Membership

There are five classes of Membership of the Institute:

- (1) HONORARY MEMBERS: Distinguished persons upon whom the Council may see fit to confer an honorary distinction.
- (2) FELLOWS: Members, of at least three years' standing, holding certain qualifications laid down in the by-laws; these qualifications include having made a contribution of value to navigation.
- (3) MEMBERS: Persons over twenty-one years of age who satisfy the Council of their interest in navigation.
- (4) STUDENT MEMBERS: Persons under twenty-five years of age studying at a recognized school or university with a view to making navigation, or an allied interest, their career.
- (5) CORPORATE MEMBERS: Organizations such as universities, navigation schools, government departments or companies, here and abroad, who are directly or indirectly interested in the science of navigation. Corporate Members are entitled to send representatives to all Institute meetings and to receive six copies of its publications. They are encouraged to take an active part in the Institute's work. Applications should be sent by letter addressed to the Director.

Subscriptions

Annual subscriptions to the Institute are payable in advance as follows:

Members and Fellows	£35.00
Student Members	£5.00
Corporate Members	£300.00

The Institute's financial year begins on 1 July. Members in any category who are elected after 1 January in any year are only due for one half of their subscription until 1 July, when the full subscription for the next year becomes due.
