Designing the Future of EMS

The improved Ferno® Mobile Transporter™ Model 35-A

Load Capacity: 500 lbs.
Overall Cot Weight: 72 lbs.
Totally Lubrication Free

Mattress Options

- Trauma Mattress
- Transport Pad

Increased Surface Area for Accessories and Lifting Points

Lift Handle / Safety Catch

Improved Corner Castings and Wheel Securements

Sealed Bearings

Grip Lift Handle

- The *proven* multi-level, roll-in cot design
- The most cost-effective and reliable cot available today
- Also checkout the Mobile Transporter™ Plus Model 35-A Plus

Early Warning System

There's a new EMS standard. A more complete ECG. The LIFEPAK 11 diagnostic cardiac monitor brings state-of-the-art interpretive 12-lead electrocardiography to the rigorous environment of emergency medicine.

*The 11 has a unique ***ACUTE MI SUSPECTED*** message, which presents when the injury phase of a myocardial infarction is detected. This early warning system, specifically designed and tested for acute MI detection, enables shorter time to treatment—thereby increasing chances of a successful outcome.*

The LIFEPAK 11 diagnostic cardiac monitor. It's what you'd expect from the world leader in defibrillation and noninvasive pacing. Physio-Control. Call 800-442-1142.

Postmaster: Send address changes to *Prehospital and Disaster Medicine*, P.O. Box 2789, Carlsbad, CA 92018 USA.

Second-class circulation postage paid at Carlsbad, California, and at additional mailing offices.

**“You aren’t born with
an appreciation for
a Wheeled Coach.
You develop it by
owning other
ambulances.”**

Tony Myers
Vice President/General Manager
East Texas Medical Center/EMS

Wheeled Coach is the world's largest producer of EMS vehicles. But Tony Myers of East Texas Medical Center/EMS doesn't buy our ambulances for that reason. "We buy Wheeled Coach ambulances because experience has taught us what works, and what delivers real value

for our money over the life cycle of an ambulance. Our Wheeled Coach ambulance fleet delivers the performance, confidence and reliability we need to save lives everyday."

East Texas, like many other EMS providers, has learned the hard way, by owning other ambulances, that Wheeled Coach delivers more than other manufacturers. Wheeled Coach delivers the most complete ambulance in the industry, from cutting edge technology to advanced patient and crew safety to long vehicle life, each ambulance is packed with features no other manufacturer can imitate.

If you're buying a new ambulance, buy right the first time—buy a Wheeled Coach. We Deliver. . .

Join **THE WORLD ASSOCIATION**
FOR DISASTER AND
EMERGENCY MEDICINE

(founded in 1976 as *The Club of Mainz*)
ASSOCIATION MONDIALE POUR
LA MÉDECINE DE CATASTROPHE
ET D'URGENCE

The management science of mass emergencies and disasters is evolving very rapidly. As a member of the World Association for Disaster and Emergency Medicine, you'll quickly see that we are in the exhilarating position of pioneers—ground-floor witnesses and participants in a profound change that signals hope in today's troubled world.

Our members are involved—and informed. Our international meetings provide an excellent means for both scientific advancement and social interaction. And the fellow-members you will meet are active participants in prehospital and disaster medicine and emergency care, from a variety of different medical specialities, worldwide.

WADDEM Membership includes:

- An annual subscription to *Prehospital and Disaster Medicine*
- A membership certificate
- A biannual newsletter
- A directory listing all members
- International recognition at the World Congresses and other WADDEM meetings
- Preferred rates on registration at the Congress
- Special Affiliated Society Membership advantages

NAEMSP '96

The Emerging Picture of EMS

January 8-14, 1996
The Registry Resort, Naples, Florida

The NAEMSP Annual Conference is already
beginning to show its **COLORS!**
COLORS!
COLORS!
COLORS!

Join us in Naples, Florida and examine the canvas and artistry of the out of hospital community. You'll soon see why anyone who is someone in EMS says that this clearly has become the meeting of choice for everyone in the EMS arena.

We're Already Planning. . .

January 8-10, 1996
*National EMS Medical Director
Course*

January 10-11, 1996
*Pediatric Education for Paramedics
Course*

January 11, 1996
*NAEMSP Database/Internet
Workshop*

January 11-13, 1996
*NAEMSP Annual Meeting: The
Emerging EMS Picture*

January 14, 1996
*Pediatric Resource for EMT-B
Instructors Course*

Special Highlights. . .

- Social Events
- Networking at its best!
- Exploration of technological advances through trade exhibits
- Committee and board meetings featuring some of the most elite organizations serving the out of hospital industry
- White sandy beaches, water recreational facilities, swimming, tennis, soft music and relaxation at a luxurious resort.

Shaping the specialty of emergency nursing

The *Journal of Emergency Nursing* delivers the information that's most important to you—new trends and clinical approaches to emergency care, ways to streamline your work, profiles of emergency nurses, and more. The Journal's regular features include EMS, Case Review, Triage Decisions, Trauma Notebook, Flight Nursing, and more. Start your subscription to the official journal of the Emergency Nurses Association today!

Welcome to the future of trauma nursing... *NEW!*

Introducing the *International Journal of Trauma Nursing*, the first journal to unite the nursing specialists involved in trauma care. An editorial collaboration of the Trauma Nursing Coalition, the Journal publishes peer-reviewed articles covering the full spectrum of patient care, from scene of injury through rehabilitation. Don't miss a single issue of this exciting new journal!

Get the picture?

To get the complete picture, you need all pieces of the puzzle. That's why you get **both** AIRMED and the *Air Medical Journal* for **one** subscription price. The bimonthly AIRMED brings you the latest industry news and information, how-to articles, health care reform/updates, program profiles and topics covering safety and operations. The quarterly *Air Medical Journal* is the **only** peer-reviewed journal dedicated solely to the science of air medical transport. The journal is replete with scientific, research oriented articles and position papers.

Get the complete picture!

\$49 buys you a one-year subscription to the *only* two journals dedicated to air medical professionals.

To subscribe to AIRMED and the *Air Medical Journal* use the card found in this issue. If card is missing, please call the toll-free number 800/266-5367.

AIRMED and the *Air Medical Journal* are official publications of the Association of Air Medical Services (AAMS), the National EMS Pilots Association (NEMSPA), the National Flight Nurses Association (NFNA), the National Flight Paramedics Association (NFPA), and (pending) the Air Medical Physicians Association (AMPA).

a catastrophic earthquake hits, injuring thousands

what would you do?

What could you do? Join your colleagues at the annual National Disaster Medical System conference in San Diego, March 17 - 21, 1996, hosted by the Department of Health and Human Services, Department of Veterans Affairs, Department of Defense, and the Federal Emergency Management Agency. This conference is for all responders and officials at the local, state, and federal levels who prepare for, respond to, or manage mass casualty events. For more information, call or write to:

The National Association
of EMS Physicians
announces the
return of the

Cerebral Resuscitation Paper Competition for 1996

Naples, Florida

\$5,000 Awarded to Four Finalists

Deadline: November 10, 1995

General Information

Four finalists will be selected, and papers presented at a special showcase session at the NAEMSP Annual Meeting. The meeting will take place in Naples, Florida, January 8-14, 1996, at the Registry Resort. The first place winner will receive a \$2,000 cash award and a plaque. The three runners-up will each receive \$1,000 and a plaque.*

Finalists must present their papers at the meeting to win the awards. Finalists may have presented at another meeting as well.

Submission Deadline

Abstracts must be submitted on the official abstract form and must be received (not postmarked) by November 10, 1995 at the NAEMSP National Office. To obtain official abstract forms, please call the NAEMSP Office at (412) 578-3222.

Criteria

Eligible abstracts must pertain to brain resuscitation, and can be either basic science or clinical research. Topics include, but are not limited to:

- ▶ Shock/Low Flow States ▶ Head Trauma
- ▶ Stroke/Focal Ischemia ▶ Intracranial Hemorrhage
- ▶ Global Ischemia/Cardiac Arrest

Eligibility

Abstracts may be new or may have been previously presented provided they were presented after January 1, 1994 and have not been published in manuscript form by January 1996.

**This award has been made possible through an educational grant given by The Upjohn Company.*

CALL FOR ABSTRACTS

1996 Annual Meeting

May 5-8

Adams Mark Hotel
Denver, Colorado

The Program Committee is accepting abstracts for review for oral and poster presentation. Authors are urged to submit original work in all aspects of Emergency Medicine including cerebral resuscitation, pediatrics, cardiopulmonary resuscitation, medical toxicology, administration, trauma, EMS, shock, basic science, injury prevention, health policy research, education, infectious disease, neurologic trauma, and methodology.

Abstract submission forms are available upon request to the SAEM office and will be published in the November 1995 issue of the SAEM newsletter. Abstracts not submitted on the official abstract form or not conforming to the instructions will not be considered. Call (517) 485-5484 to request an abstract form or obtain further information.

Abstracts submitted or the resultant manuscripts must not appear in a refereed journal prior to publication of the Annual Meeting abstracts in the May 1996 issue of *Academic Emergency Medicine*. Abstracts presented at other national meetings within 30 days of the 1996 SAEM Annual Meeting will be considered for presentation.

SAEM strongly recommends that authors submit their manuscripts to *Academic Emergency Medicine*. *Academic Emergency Medicine* will notify authors of a decision regarding publication within 60 days of receipt.

All abstracts must be submitted on the official abstract form, and must be received no later than January 10, 1996. Abstracts and correspondence should be sent to: SAEM Annual Meeting Abstracts, 901 North Washington Avenue, Lansing, MI 48906

Awards will be given for the best abstracts in the following categories: *Clinical Oral (Human Subjects)*, *Basic Science Oral*, *Education*, *Resident/Fellow Oral*, *Poster*, *Innovation in Medical Education Exhibit*, *Resident/Fellow Poster*, *Medical Student*, *Technology*, and *Pediatric Emergency & Critical Care*. Awards will be presented at the 1997 Annual Meeting.
