TRADE
MARK 'Tabloid' Brand

Hypodermic Products.

'TABLOID HYPODERMIC PRODUCTS accurately contain the stated weight of pure medicament. They keep unaltered for many years in any climate and are instantly soluble in water in the syringe barrel. The utmost importance of using freshly-prepared solutions for injection is now fully recognised, and the problem of preparing such solutions with celerity, ease and accuracy is completely and perfectly solved by 'Tabloid' Hypodermic Products.

AVOID IMITATIONS.

Crude substitutes for 'Tabloid' Brand Products are sometimes offered when the genuine B. W. & Co. preparations are ordered. These inferior imitations are liable to prove injurious to patients, and should be rejected. . .

For full list and further particulars please see Wellcome's Medical Diary.
