

Greece & Rome is a journal which delivers scholarly research to a wider audience. It showcases original and informative articles on ancient history, literature, art, archaeology, religion, philosophy, and reception of the ancient world. Although its content reflects current research and its contributors include leading figures in the field, undergraduates and general readers who wish to be kept informed of current thinking will also find it engaging and accessible, as well as professional scholars in Classics and in other disciplines. With the wider audience in mind all Greek and Latin quotations are translated.

A subscription to *Greece & Rome* includes an annual supplement of *New Surveys in the Classics*.

RECEPTION STUDIES

SECOND EDITION

The texts, images and events of the ancient world have been used both as sources of authority and exploitation in politics, culture and society and as icons of resistance and contest. How classical culture is transplanted into new contexts, how texts are translated and performed and how Greek and Roman values are perceived and used continues to be a force in current debates. The main concepts and explanatory frameworks used in the field are introduced through chapters on reception within antiquity and case studies of more recent receptions from Africa, the Caribbean, Europe and the USA. This revised second edition will be of use to all those interested in the relationship between the arts, culture and society as well as to students and teachers of classical subjects and of literature, drama, film and comparative cultural studies.
