Aims & Scope

International Psychogeriatrics is written by and for those doing clinical, teaching, and research work with older people. It is the official journal of the International Psychogeriatric Association (IPA) and is published by Cambridge University Press, Cambridge, UK. Although it is primarily concerned with psychogeriatrics, the journal welcomes contributions from all concerned with the field of mental health and aging. Original research papers are particularly sought.

Issue Theme: Varied Angles of Geriatric Depression

CONTENTS

Commentaries

- Occupational factors of successful aging** 1
Pallavi Joshi and Rajesh R. Tampi
- Microbes and geriatric mental health: past, present, and future** 3
Eleonora D. Vaccariello and Tanya T. Nguyen
- Day-to-day reciprocal associations between depressive symptoms, cognitive performance, and sleep and the single-subject design** 7
Yevgenia Rosenblum and Jurgen A.H.R. Claassen
- The conundrum of depressive symptom-frailty comorbidity and overlap** 11
Rhian Milton-Cole and Brendon Stubbs
- Why is the use of inappropriate medicines so high in Aboriginal Australians?** 15
Christopher Etherton-Ber and Leon Flicker
- Trait emotional intelligence in old age** 17
K.V. Petrides

Original Research Articles

- Age differences in trajectories of depressive, anxiety, and burnout symptoms in a population with a high likelihood of persistent occupational distress** 21
Celia F. Hybels, Dan G. Blazer, David E. Eagle, and Rae Jean Proeschold-Bell
- The intestinal microbiota as a predictor for antidepressant treatment outcome in geriatric depression: a prospective pilot study** 33
S. Melanie Lee, Tien S. Dong, Beatrix Krause-Sorio, Prabha Siddarth, Michaela M. Milillo, Venu Lagishetty, Tanya Datta, Yesenia Aguilar-Faustino, Jonathan P. Jacobs, and Helen Lavretsky
- Temporal dynamics of depression, cognitive performance and sleep in older persons with depressive symptoms and cognitive impairments: a series of eight single-subject studies** 47
Marij Zuidersma, Astrid Lugtenburg, Willeke van Zelst, Fransje E. Reesink, Peter Paul De Deyn, Fijanne Strijkert, Sytse U. Zuidema, and Richard C. Oude Voshaar
- Assessment of incident frailty hazard associated with depressive symptoms in a Taiwanese longitudinal study** 61
Che-Chia Chang, Chi-Shin Wu, Han-Yun Tseng, Chun-Yi Lee, I-Chien Wu, Chih-Cheng Hsu, Hsing-Yi Chang, Yen-Feng Chiu, and Chao A. Hsiung
- Use of tricyclic antidepressants and other anticholinergic medicines by older Aboriginal Australians: association with negative health outcomes** 71
Karen Mate, Karen Kerr, Alison Priestley, Natasha Weaver, Gerald A. Broe, Gail Daylight, Brian Draper, Robert Cumming, Hemi Robinson-Kingi, Kim Delbaere, and Kylie Radford
- Emotional intelligence intervention in older adults to improve adaptation and reduce negative mood** 79
Iraida Delhom, Encarnación Satorres, and Juan C. Meléndez
