THE CRITICAL TRADITION
Classic Texts and Contemporary Trends
Second Edition

David H. Richter, *Queens College, City University of New York*

The most comprehensive and up-to-date anthology of major documents in literary criticism and theory from Plato to the present, with a highly praised critical apparatus, including introductions, headnotes, bibliographies, and glosses.

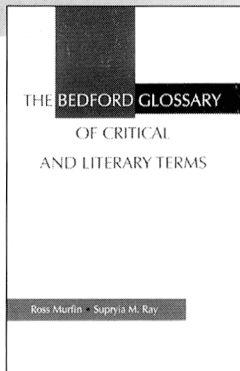

1998/CLOTH/1655 PAGES/\$48 NET

“*The Critical Tradition* is the fullest one-volume collection of major texts in literary theory and criticism. Richter manages to include not only all of the works usually treated in a historical survey, but also more than three score representative essays of contemporary criticism and theory. Richter’s introductions are judicious, informed, and incisive, inviting the beginner into a serious engagement with even the most difficult selections while avoiding the simplistic categories that mar too many anthologies.”

— Wayne C. Booth, *The University of Chicago*

“The literary glossary for the new millennium.”
