FACTS go hand in hand with  
FENCES in bird conservation

The British Trust for Ornithology  
is the organization whose members  
provide the facts.

MEMBERS can take part in special enquiries, add to the pleasure which they derive from birds by reading the frequent issues of *BTO News* and the quarterly journal *Bird Study* or, if they prefer, help support the Trust's aims and work financially.

Ask Chris Salmon for membership details at

BRITISH TRUST FOR ORNITHOLOGY  
Beech Grove, Tring, Herts. (Tring 3461)

Members joining after 30th September receive up to  
15 months membership for their first subscription.

# Zambia

Where wild life  
stays that way.

Nowhere else in Africa is conservation taken so seriously as in Zambia. To us, conservation means protecting our fauna from that most dangerous of predators—man—whilst preserving their natural habitat and maintaining the ecological balance.

Zambian wild life is completely free, uniquely unspoilt, staggeringly profuse and diverse. The vast game parks which keep it that way are a naturalist's paradise.

Come and see them.

# 1973 Special Interest Tours by PEREGRINE HOLIDAYS

## Natural History—Spring

**CRETE** . . . . . 4th successful year and advance bookings make two parties necessary. East/West has Allen Paterson, N.D.H. (flowers—3rd year) and Derek Lucas (birds—2nd year). West/East Tour has Dr. Mary Gillham (flowers) and Dr. Jo Hambury (birds—2nd time with us).

*Depart April 2 . . . . . 16 days . . . . . £171.00*

**CYPRUS** . . . . . Last year's successful tour with Dr. David Lack and Patrick Synge, M.A., is repeated this year with fewer centres thus obviating tiresome packing. Dr. Christopher Perrins (birds—2nd time with us). Kenneth Burras, N.D.H. (flowers—2nd time) as botanist.

*Depart April 3 . . . . . 15 days . . . . . £189.00*

**TURKEY—SOUTHERN** . . . . . 3rd successful year touring all the major sites (including APHRODISIAS and TERMESSUS), the tour has now been given a full Natural History quality. Sir Hugh Elliott, Bart., (birds). Leonard Beer—flowers.

*Depart May 9 . . . . . 15 days . . . . . £219.00*

**TURKEY—EASTERN** . . . . . This daring and unique adventure went off to a flying start last year with Anthony Huxley and John Gooders, drawing participants from many countries. The beauty of Lake Van and its masses of pelicans, the huge irises in the Ararat foothills, Rosefinches at the "lost" village of ISTAVRI and Rose-coloured starlings at ANI add up to an astonishing experience. Not for fainthearts—but age has nothing to do with it. Guest lecturers to be announced later.

*Depart June 6 . . . . . 16 days . . . . . £251.00*

## Natural History—Autumn

**ETHIOPIA** . . . . . Completely new tour inspired by many requests for a tour of this marvellous country. Anthony Huxley, M.A., will be guest lecturer for botany and it is hoped that an ornithologist of similar international stature will also be available.

*Depart mid October . . . . . 18 days . . . . . £350.00*

## Special Classical Study Tour—Spring

**MAINLAND GREECE AND PELOPONNESE** . . . . . Once again under the dynamic leadership of Dr. Pinsent this tour repeats the success of 1972. Although mainly concerned with the sites of Classical Antiquity these sites themselves are veritable rock gardens and bird sanctuaries (rock nuthatches) and the tour gives a chance to those more leisurely naturalists who are perhaps not considered often enough.

*Depart April 4 . . . . . 15 days . . . . . £169.00*

## Autumn "Follow Up" Tours

**GREECE, CRETE, CYPRUS, TURKEY.** Late September early October. Guest lecturers will include Dr. C. Kraay, Dr. A. Bryer, Dr. J. Pinsent, Dr. and Mrs. P. Wade-Martins and Miss Sue Boyd from Dumbarton Oaks, Washington D.C. Itineraries and prices similar. Ideal for those who are as much interested in antiquities as in Natural History. Advance registrations carry no obligations.

IATA Carriers*
