

ERRATUM

Due to a compositing error in volume 14:2, Figure 1 was omitted from Dorte Gyrd-Hansen's essay "Fecal Occult Blood Tests: A Cost-effectiveness Analysis," pp. 290-301, and Figure 2 was repeated in its place. The correct Figure 1 appears below. IJTAHC and Cambridge University Press regret the error.

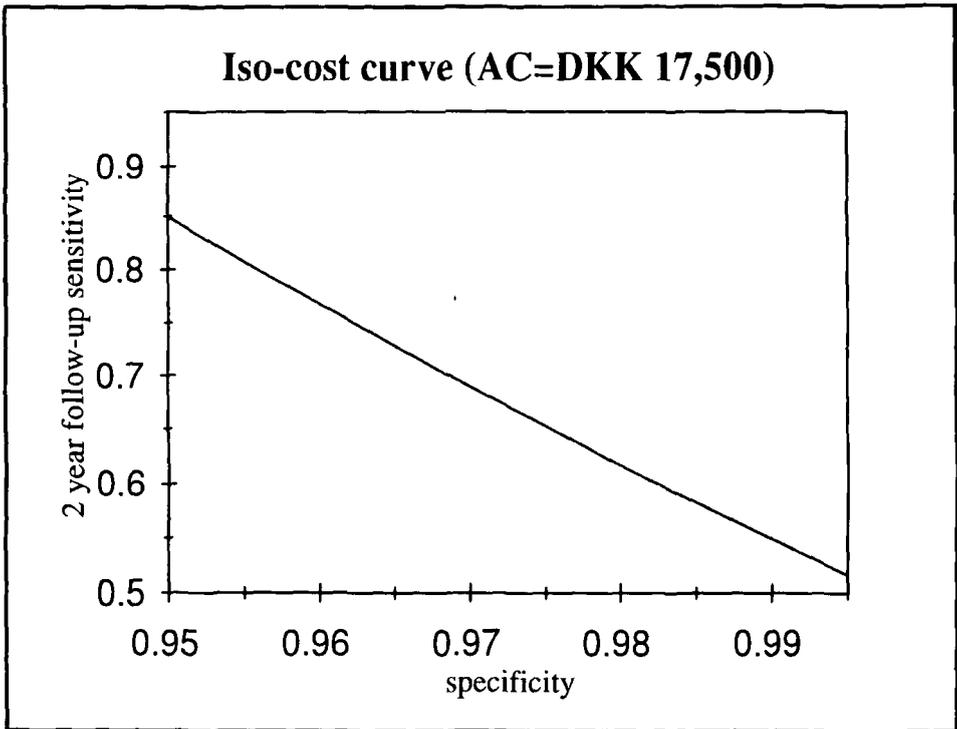

Figure 1. Iso-cost curve when maintaining average cost per life-year at screening interval of 2 years.
