University of Florida Project of Serial Documentation Nears Completion

Begun in January 1965, the University of Florida-based project of listing of holdings in the United States and Canada for as many serial documents as could be identified for individual Latin American countries, from the time of each country's formation (or date of independence) through 1966, is nearing completion. Publication of the nineteen-volume set on Latin American Serial Documents will be by country: Volumes I and II, on Colombia and Brazil respectively, published in the fall 1968, are to be followed by volumes on Cuba and Mexico in mid-1969 and other countries, in alphabetical order, by 1970.

In the bibliographies, a broad interpretation for documents was used;
