TRaNS: Trans –Regional and –National Studies of Southeast Asia

AIMS AND SCOPE OF *TRaNS*

TRaNS approaches the study of Southeast Asia by looking at the region as a place which is defined by its diverse and rapidly-changing social context, and as a place which resists conventional ideas of borders and boundedness. *TRaNS* invites submissions covering political science, anthropology, sociology, history, geography, as well as inter-disciplinary approaches. Studies of trans-national, trans-regional and comparative perspectives or case studies spanning more than two countries of Southeast Asia and its neighbouring countries and regions are particularly invited.
