List your meeting here:

Following is a list of microscopy related meetings and courses. The editors would greatly appreciate input to this list via the electronic submission form under “events/other microscopy events” at the MSA webpage: www.msa.microscopy.com. We will gladly add hypertext links to the notice on the web and insert a listing of the meeting in the next issue. Please furnish the following information (any additional information provided will be edited as required and printed on a space available basis):

- Meeting/Course name
- Meeting/Course dates
- Meeting/Course topic or short description
- Sponsoring society/organization/university
- Contact person
- Telephone number
- Fax number
- E-mail address
- URL for website

FIVE GENERATIONS OF PERFORMANCE...REFINED

The new Desk V HP sputtering tool.

With an enhanced sputter head, larger mechanical pump, a more powerful PLC and a larger power supply, the all new Desk V HP is generations ahead of the competition.

Features:

- Short deposition times
- Consistent deposition parameters
- Enhanced touchscreen controls
- Film thickness control
- Etch mode for sample cleaning
- Wide variety of coating materials
- Compact benchtop design
- 85 LPM Mechanical Pump
