

**Monitoring and surveillance**

A collective call to strengthen monitoring and evaluation efforts to support healthy and sustainable food systems: 'The Accountability Pact'  
*Kelly Garton, Vivica Kraak, Jessica Fanzo, Gary Sacks, Stefanie Vandevijvere, Lawrence Haddad, Hannah Brinsden, Amos Laar, Tilakavati Karupajah, Nasrin Omidvar, William Masters, Inge Kauer and Boyd Swinburn* 2353

Secular trends in low birth weight and child undernutrition in West Africa: evidence from complex nationwide surveys, 1985–2019  
*Duah Dwomoh, Christian Sewor, Seidu Awal Mohammed, Samuel Annim, Saverio Stranges, Ngianga-Bakwin Kandala and A Kofi Amegah* 2358

**Assessment and methodology**

The influence of item order of the Household Food Security Survey Module on the assessment of food insecurity in households with children  
*Isabel Maia, Milton Severo, Carla Lopes and Ana Cristina Santos* 2371

How do the determinants of exclusive breast-feeding change over time? A multi-survey quasi-longitudinal study in Lao People's Democratic Republic  
*Niels Bal, Sayvisene Boulom, Kimberly A van Brakel, Sengchanh Kounnavong and Dirk R Essink* 2380

**Nutritional epidemiology**

Different dietary assessment methods, similar conclusions? Comparison of a country's adherence to food-based dietary guidelines as depicted in two population-based surveys using different dietary assessment methods  
*Nena Karavasiloglou, Giulia Pestoni, Anna Dehler, Janice Sych, David Faeh and Sabine Rohrmann* 2395

**Assessment and methodology**

Association of water intake and hydration status with risk of kidney stone formation based on NHANES 2009–2012 cycles  
*Jie-Sian Wang, Hsiu-Yin Chiang, Hung-Lin Chen, Martha Flores, Ana Navas-Acien and Chin-Chi Kuo* 2403

**Behavioural nutrition**

Exploring parents' perspectives on feeding their young children: a qualitative study using photo-elicitation in Chile  
*Patricia Galvez Espinoza, Marcela Vizcarra, Paulina Molina, María José Coloma, María José Stecher, Kelly Bost and Andriara Schwingel* 2415

Personal motivation, self-regulation barriers and strategies for weight loss in people with overweight and obesity: a thematic framework analysis  
*Han Shi Jocelyn Chew, Yujia Gao, Asim Shabbir, Su Lin Lim, Kayambu Geetha, Guowei Kim, Choon Seng Chong, Davide Lomanto and Bok Yan Jimmy So* 2426

Food-based nutrition counselling and education intervention for improved diets of pregnant women in rural Malawi: a qualitative study of factors influencing dietary behaviour change  
*Lillian Ziyenda Katenga-Kaunda, Per Ole Iversen, Penjani Rhoda Kamudoni, Gerd Holmboe-Ottesen and Heidi E Fjeld* 2436

What makes interventions aimed at improving dietary behaviours successful in the secondary school environment? A systematic review of systematic reviews  
*TE Capper, SF Brennan, JV Woodside and MC McKinley* 2448

'I Knew I Should Stop, but I Couldn't Control Myself': a qualitative study to explore the factors influencing adolescents' consumption of sugar-sweetened beverages and sugary snacks from a socio-ecological perspective  
*Chia-Wen Wang, Duan-Rung Chen, Chang-Chuan Chan, Yen-Po Yeh and Hsiu-Hsi Chen* 2465

**Nutritional epidemiology**

Seasonal variability of women's dietary diversity and food supply: a cohort study in rural Burkina Faso  
*Alissia Lourme-Ruiz, Christophe Kouamé Koffi, Denis Gautier, Dang Bahya-Batinda, Emmanuelle Bouquet, Sandrine Dury, Yves Martin-Prével and Mathilde Savy* 2475

Are dietary patterns in early childhood associated with alcohol consumption at the age of 17 years? Analysis of data from the Avon Longitudinal Study of Parents and Children (ALSPAC) prospective cohort study  
*Katherine Yorke, Kate Northstone and Louise R Jones* 2488

The relationship between ultra-processed food consumption and internalising symptoms among adolescents from São Paulo city, Southeast Brazil  
*Alexandre Faisal-Cury, Maria Alvim Leite, Maria Mercedes Loureiro Escuder, Renata Bertazzi Levy and Maria Fernanda Tourinho Peres* 2498

Association between lower serum vitamin D (25-hydroxy-cholecalciferol) concentrations and cognitive impairment in older adults: data from a population-based cohort study in a middle-income country  
*Luísa Harumi Matsuo, Susana Cararo Confortin, Gilciane Ceolin, Claudia Soar, André Junqueira Xavier, Eleonora D'Orsi and Júlia Dubois Moreira* 2507

Salutogenesis, nutritional status and eating behaviour: a systematic review  
*Gabriela Rossiter Stux Veiga, Bruna Merten Padilha, Nassib Bezerra Bueno, Jessiane Rejane Lima Santos, Lara Fernanda Nunes, Telma MM Toledo Florencio and Marília de Carvalho Lima* 2517

Changes in dietary patterns from preconception to during pregnancy and its association with socio-demographic and lifestyle factors  
*Dereje G Gete, Michael Waller and Gita D Mishra* 2530

Maternal carbohydrate intake during pregnancy is associated with child peripubertal markers of metabolic health but not adiposity  
*Molly C Mulcahy, Martha Maria Tellez-Rojo, Alejandra Cantoral, Maritza Solano-González, Ana Baylin, Dave Bridges, Karen E Peterson and Wei Peng* 2541

Diet cost and quality using the Healthy Eating Index-2015 in adults from urban and rural areas of Mexico  
*Katherine Curri-Quinto, Mishel Unar-Munguía, Sonia Rodríguez-Ramírez, Elin Rööös, Walter C Willett and Juan A Rivera* 2554

Machine learning can improve the development of evidence-based dietary guidelines  
*Lisa M Bodnar, Sharon I Kirkpatrick and Ashley I Naimi* 2566

Short sleep and social jetlag are associated with higher intakes of non-milk extrinsic sugars, and social jetlag is associated with lower fibre intakes in those with adequate sleep duration: a cross-sectional analysis from the National Diet and Nutrition Survey Rolling Programme (Years 1–9)  
*Haya Al Khatib, Vita Dikariyanto, Kate M Bermingham, Rachel Gibson and Wendy L Hall* 2570

The association between social jetlag and poor health and its (nutritional) mechanisms  
*Emma J Bouman and Femke Rutters* 2582

**Economics and environment**

Retail food environment in a Brazilian metropolis over the course of a decade: evidence of restricted availability of healthy foods  
*Irene Carolina Sousa Justiniano, Mariana Carvalho de Menezes, Larissa Loures Mendes and Milene Cristine Pessoa* 2584

Neighbourhood walkability and dietary attributes: effect modification by area-level socio-economic status  
*Manoj Chandrabose, Yingting (Tina) Cao, Nyssa Hadgraft, Carl Higgs, Faysal Shuvo, David W Dunstan, Neville Owen and Takemi Sugiyama* 2593

**Community nutrition**

Community-based nutrition education and hands-on cooking intervention increases farmers' market use and vegetable servings  
*Jessica Jarick Metcalfe, Jennifer McCaffrey, Melissa Schumacher, Caitlin Kownacki and Melissa Pflugh Prescott* 2601

Impact of school meals on educational outcomes in Addis Ababa, Ethiopia  
*Zelalem Destaw, Eshetu Wencheke, Samuel Kidane, Mulugeta Endale, Yohannes Challa, Melkamu Tiruneh, Meti Tamrat, Hanna Samson, Dilu Shaleka and Mogessie Ashenafi* 2614

Nutrition programmes for individuals living with disadvantage in supported residential settings: a scoping review  
*Verena T Vaicurijs, Karen E Charlton, Annabel K Clancy and Eleanor J Beck* 2625

Are processed fruits and vegetables able to reduce diet costs and address micronutrient deficiencies? Evidence from rural Tanzania  
*Jacob Sarfo, Elke Pawelzik and Gudrun B Keding* 2637

**Interventions**

Effectiveness of a worksite lifestyle intervention to reduce BMI among farmworkers in California: a cluster randomised controlled trial  
*Susana L Matias, Heather E Riden, Deandra S Lee, Heejung Bang and Marc B Schenker* 2651
