

YEARBOOK ON
INTERNATIONAL COMMUNIST AFFAIRS: 1969
Edited by Richard F. Staar

The yearbook is extremely valuable as a single authoritative source of an enormous number of facts which are otherwise scattered in all sorts of publications of varying reliability and accessibility, and its annual appearance will make it increasingly valuable in the future. *The Times Literary Supplement*

This is an excellent, well-organized, voluminously documented reference work on world Communist affairs. The Hoover Institution deserves high credit for this pioneering work which provides chronology, major Communist documents, and extremely well-done analyses. The book is highly recommended and worth the price. *Library Journal*

This monumental publication represents a major milestone in the rapidly proliferating literature of world Communism. Both the editor and publisher should be warmly congratulated for carrying to successful completion a project of this scope, depth and magnitude. . . . *Slavic Studies*

THE COMMUNIST REGIMES IN EASTERN EUROPE:
REVISED EDITION

By Richard F. Staar

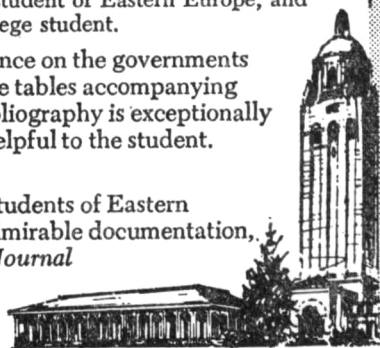

Based on primary sources in the native language—radio broadcasts and periodicals of each bloc country—and on documentation from Russian and Western publications, this work provides a unique guide for the professional or casual student of Eastern Europe, and is especially directed toward the college student.

This is a most useful work of reference on the governments and politics of Eastern Europe. The tables accompanying the text . . . are invaluable. The Bibliography is exceptionally extensive and should prove most helpful to the student.

International Affairs

The book should be helpful to all students of Eastern Europe, mainly by reason of the admirable documentation, and to libraries generally. *Library Journal*

VOJTECH MASTNY. This study, which makes use of previously unknown captured German documents, will be of lasting interest to students of World War II and postwar history, not only because of the factual material here uncovered for the first time, but also because of Mr. Mastny's observations on the possibilities and limits of defiance towards a powerful occupation force.
