**Aims and Scope.** The aim of *Compositio Mathematica* is to publish first-class mathematical research papers. By tradition the journal focuses on papers in the mainstream of pure mathematics. This includes the fields of algebra, number theory, topology, algebraic and analytic geometry and (geometric) analysis. Papers on other topics are welcome if they are of interest not only to specialists. All contributions are required to meet high standards of quality and originality and are carefully screened by experts in the field.

*Compositio Mathematica* (ISSN 0010-437X) is published bi-monthly in January, March, May, July, September and November as one annual volume of six parts by the London Mathematical Society and distributed by Cambridge University Press, The Edinburgh Building, Shaftesbury Road, Cambridge CB2 8RU, UK / Cambridge University Press, 32 Avenue of the Americas, New York, NY 10013-2473, USA. Periodicals postage paid at New York, NY and additional mailing offices. POSTMASTER: send address changes in the USA and Canada to *Compositio Mathematica*, Cambridge University Press, 100 Brook Hill Drive, West Nyack, NY 10994-2133.

**Subscriptions.** The annual subscription rate for 2011 is €1297/£898 (USA, Canada and Mexico US\$1655). These prices include delivery by air and access to an online version. Single issues cost €216/£150 (USA, Canada and Mexico US\$276) plus postage.

Orders, which must be accompanied by payment, may be sent to any bookseller or subscription agent, or direct to Cambridge University Press at the UK address above, or in the USA, Canada or Mexico to Journals Fulfillment Department, 100 Brook Hill Drive, West Nyack, NY 10994-2133, USA. EU subscribers (outside the UK) who are not registered for VAT should add VAT at their country's rate. VAT-registered subscribers should provide their VAT registration number. Japanese prices for institutions are available from Kinokuniya Company Ltd, PO Box 55, Chitose, Tokyo 156, Japan.
