Rules for the World *International Organizations in Global Politics* Michael Barnett and Martha Finnemore

"This book . . . provides a groundbreaking look at the impact of international organizations, making clear that these organizations may be created by powerful states but, once established, are neither straightforward tools of states nor unalloyed servants of a global common good. . . . The most intriguing insights of the book, however, emerge as the authors grapple with what the growing 'global bureaucratization' means for democratic accountability."

The Purpose of Intervention *Changing Beliefs about the Use of Force* Martha Finnemore

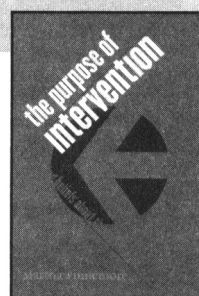

"The Purpose of Intervention aims to describe how changing beliefs have influenced states' willingness to intervene forcibly in other states, and it seeks to generate a set of hypotheses about the processes by which social purpose can evolve in world politics. Finnemore succeeds in challenging conventional views of the use of force and advancing research on international norms and social purpose."

THE LIMITS OF INTERNATIONAL LAW

JACK L. GOLDSMITH and ERIC A. POSNER

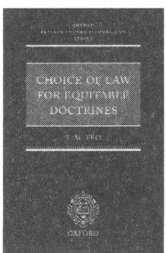

"How much effect does international law actually have on how nations behave? Goldsmith and Posner ask trenchant questions and offer thought-provoking answers in a pioneering effort to address that question through the prism of rational choice theory. Agree with them or not, their boldness and innovation provide a welcome effort at injecting greater analytic rigor into international law scholarship."

CHOICE OF LAW FOR EQUITABLE DOCTRINES

T. M. YEO

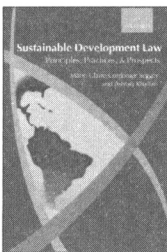

This book deals with the legal questions relating to the applicable law that arise in cross-border litigation when litigants invoke the principles of English equity or analogous doctrines from other jurisdictions. It analyzes in detail both whether the forum's equitable doctrines should necessarily apply (concluding not), and then the various different ways in which

equitable doctrines can be characterized.

INTERNATIONALIZED CRIMINAL COURTS

Sierra Leone, East Timor, Kosovo, and Cambodia

Edited by CESARE P. R. ROMANO, ANDRÉ NOLKKAEMPER, and JANN K. KLEFFNER

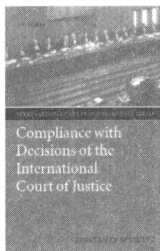

In response to the weaknesses of international tribunals and domestic courts in the prosecution of crimes such as genocide, crimes against humanity and war crimes, a new generation of "internationalized" criminal courts has been established. This book addresses three active and one putative jurisdiction of this kind in East Timor, Kosovo, Sierra Leone, and Cambodia.

COMPLIANCE WITH DECISIONS OF THE INTERNATIONAL COURT OF JUSTICE

Edited by CONSTANCE SCHULTE

The book examines the compliance record of states parties to proceedings before the International Court of Justice (ICJ), and undertakes a comprehensive analysis of the follow-up of the ICJ's judgments and interim measures from the Court's creation. The author examines the reasons for differences in the track records of judgments and provisional measures and explores mechanisms that could be conducive to enhanced compliance.

THE AMERICAN TRADITION OF INTERNATIONAL LAW

Great Expectations 1789-1914
MARK W. JANIS

This volume, the first of two, charts the emergence of the American tradition of international law from its English roots in the 18th century to the outbreak of World War I in 1914. This intellectual history sets out to explain how America has arrived at its present approach to international law, and thus illuminates its distinctive foreign policy.

STUDIES IN TRANSNATIONAL LEGAL POLICY: THE METHODS OF INTERNATIONAL LAW

Fourteen leading scholars from around the world detail their respective approaches to international law. With each method applied to a specific international law question, such as limitations on a state's ability to prosecute foreigners for crimes committed abroad against other foreigners, *The Methods of International Law*, edited by Steven Ratner and Anne-Marie Slaughter, is an exceptional tool for classroom use.

Contributors include Kenneth W. Abbott, Antony Anghie, Hilary Charlesworth, B.S. Chimni, Jeffrey L. Dunoff, Martti Koskenniemi, Mary Ellen O'Connell, Andreas L. Paulus, Steven Ratner, Bruno Simma, Anne-Marie Slaughter, Joel P. Trachtman, Siegfried Wiessner, and Andrew R. Willard. This volume updates and expands upon *Appraising the Methods of International Law: A Prospectus for Readers*, a symposium published in the April 1999 issue of the *American Journal of International Law*.

Listening to the Silences: Women and War

EDITED BY HELEN DURHAM AND TRACEY GURD

Challenging the perception that women are exclusively the victims, the caregivers or the passive supporters of men in times of armed conflict, *Listening to the Silences: Women and War* exposes the reader to a diversity of women's voices. These voices, both personal and academic, demonstrate that women are increasingly taking on less 'traditional' roles during war, and that these roles are multifaceted, complicated and sometimes contradictory.

International Justice Against Impunity

Progress and New Challenges

YVES BEIGBEDER

Evidence shows that national justice has been slow, ineffective or unwilling to judge major political and military leaders responsible for genocide, war crimes and crimes against humanity on a large scale. Hence the justification for international criminal justice.

Not a legal treatise, this book combines historical, legal and political elements in a highly readable text on the development of international criminal justice, which should be of interest to both the academic community, international organisations and concerned observers.

Belligerent Reprisals

FRITS KALSHOVEN

Belligerent Reprisals examines the historical developments in the law and practice relating to recourse to belligerent reprisals, as a (primitive) means of law enforcement in the hands of a party to an armed conflict, victim of a violation of the law of war at the hands of its enemy. First published in 1971, *Belligerent Reprisals* has become a classic work on this complex topic. The analysis of lawmaking and state practice it contains is as valid today as it was in the late 1970's, and elucidates the dilemmas inherent in the notion of belligerent reprisal, as a means of law enforcement that can go terribly wrong.

On the Rule of Law History, Politics, Theory

Brian Z. Tamanaha,
St. John's University
School of Law, Jamaica, NY

Although it is currently the most important political ideal, there is much confusion about what the 'rule of law' means and how it works. Tamanaha outlines the concerns of Western conservatives about the decline of the rule of law and suggests reasons why the radical Left have promoted this decline. Two basic theoretical streams of the rule of law are then presented, with an examination of the strengths and weaknesses of each. The book's examination of the rule of law on a global level concludes by deciding whether the rule of law is a universal human good.
