Distinguished Titles from Harper's
Coming in January

**BEYOND IDEOLOGY
THE REVIVAL OF POLITICAL THEORY**

Dante Germino

The thesis of this volume is that the so-called "decline" of political theory in our time is a myth. The myopia prevalent among numerous social scientists to the current revival of political theory is attributable chiefly to a profound misconception of the nature and function of political theory itself. The author examines the function of political theory from Plato to Meehan.
