A History of
CYPRUS
By SIR GEORGE HILL

Volume I. To the Conquest by Richard Lion Heart

16 plates, 3 maps. 25s. *net*

The history of Cyprus is an epitome of the history of civilization in the Eastern Mediterranean; because of its strategic position the island has been conquered and settled again and again, by Greeks, Phoenicians, Assyrians, Egyptians, Romans, Arabs, Venetians, Turks, and British. Sir George Hill's *History* disentangles the main threads from the wealth of material that excavation and research have now made available, and this first volume carries the story of Cyprus down to its conquest during the third Crusade by Richard Lion Heart.
