A REVIEW OF CONTEMPORARY TREATMENTS FOR SPASTICITY AND CENTRAL PAIN

SATURDAY, APRIL 5 & SUNDAY, APRIL 6, 1997

THEATRE 'A'
BASIC MEDICAL SCIENCES BUILDING
THE UNIVERSITY OF MANITOBA
WINNIPEG, MANITOBA, CANADA

GUEST SPEAKERS:

Dr. Diedre McLean, Edmonton, Alberta
Dr. Marsha Melnick, San Francisco, California
Dr. David Simpson, New York, New York

This program is designed for specialists who are confronted by the complex treatment issues associated with spasticity and central pain syndromes. A panel of renown specialists will review the diagnostic etiologies and the latest concepts in state-of-the-art treatments for these conditions.

Fees: \$100.00 to March 1, 1997, \$120.00 from March 2, 1997
\$10.00 per day Student fee

For further information contact:
The Department of Continuing Medical Education
The University of Manitoba
Telephone (204) 789-3660 • Fax (204) 774-4120

THREE POSITIONS AVAILABLE

The University of Calgary Department of Clinical Neurosciences and the Calgary Regional Health Authority invite applications for three full-time academic positions at the Assistant Professor level. These positions offer excellent opportunities to develop vigorous independent research programs within a multidisciplinary research environment. Duties will include teaching and graduate student supervision. Positions are available in:

- **Movement Disorders** - candidates will be neurologists with training and expertise in movement disorders and motor control physiology; experience in functional imaging would be an asset.
- **Multiple Sclerosis** - candidates will be neurologists with expertise in clinical trials methodology and clinical outcome measures. Duties will include design and management of clinical trials in multiple sclerosis.
- **Magnetic Resonance** - candidates will have specific training in magnetic resonance research and may be neurologists, neurosurgeons, neuroradiologists or psychiatrists.

Qualifications also include certification by the Royal College of Physicians and Surgeons of Canada and eligibility for licensure in the Province of Alberta. The selected candidates must compete successfully for salary and establishment funding from external agencies such as the Alberta Heritage Foundation for Medical Research and/or Medical Research Council of Canada, and will have 75% of time protected for research.

In accordance with Canadian immigration requirements, priority will be given to Canadian citizens and permanent residents of Canada. The University of Calgary is committed to Employment Equity.

Please submit a curriculum vitae and a statement of research interests and goals, and arrange to have three letters of reference sent directly, by March 31, 1997, to:

Dr. T.E. Feasby, Head, Department of Clinical Neurosciences
The University of Calgary, 1403 - 29 Street N.W., Calgary, Alberta, Canada T2N 2T9
