*ISI Tear Sheet Service*, 3501 Market Street, Philadelphia, Pennsylvania 19104, USA, is authorized to supply single copies of separate articles for private use only.

*For all other use*, permission should be sought from Cambridge or the American Branch of Cambridge University Press.

**The Proceedings of the Nutrition Society**, published by the Cambridge University Press, in part record meetings of the Symposium type, at which experts in a particular field are invited by Council to make contributions on specific parts of it and at which general discussion follows these invited contributions. The contributions will be published *in extenso*; such summaries of the ensuing discussions as circumstances warrant may also be published. The Society also holds scientific meetings at which papers are communicated by members and others on original work carried out by them. It is proposed at present to publish summaries of the papers read at each meeting, each communication being recorded in the Society's *Proceedings* by means of an abstract not exceeding in length 400 words or the equivalent space in print. The *Proceedings* are published three times a year.

The subscription to the *Proceedings* is £69.00 net (US \$160.00 in USA and Canada). Single issues are £25.00 (US \$61.00 in the USA and Canada) each; postage extra.

### SUBMITTING PAPERS

Papers should be sent to Dr Roy H. Smith, *British Journal of Nutrition*, c/o AFRC Institute of Food Research, Reading Laboratory, Shinfield, Reading, Berkshire RG2 9AT. They should be written concisely and must represent the results of original nutritional research (or exceptionally a new interpretation of existing knowledge) not previously published. Full requirements and details of how papers should be prepared are given in Directions to Contributors printed in Part 1 of each volume but authors should also consult a recent issue to acquaint themselves with the style and conventions of the Journal. Submitted papers (preferably three copies) should be accompanied by a signed statement to the effect that the author accepts the conditions laid down in Directions to Contributors.
