Irish Anaesthetic and Recovery Nurses Association

**Annual Conference
Saturday, 15th November 2003**

Great Southern Hotel, Killarney, Co Kerry.

Anaesthetic and post anaesthetic care unit nurses are invited and encouraged to participate in the IARNA Conference 2003 by:

Presenting a paper which examines an area of clinical practice or details your own research (15 or 30 minute oral presentations)

Entering a poster presentation, which examines an area of clinical practice or details your own research. (Poster competition for best poster)

Participation by perianaesthesia nurses will ensure the success of the IARNA Conference 2003.

Anaesthetic and post anaesthetic care unit nurses are also invited to submit papers to the IARNA Journal.

Further information is available from:

Enquires re presentations/papers to Josephine Hegarty, University College Cork
Phone number: 021-4903811, e-mail: J.Hegarty@ucc.ie

The Portland Hospital

The Portland Hospital for Woman and Children offers a complete and comprehensive service for women and children and provides investigation and treatment under one roof.

We are proud to be the only private London hospital entirely dedicated to women and children and of our worldwide reputation for exceptional quality of care. Our accreditation by HQS, the Health Quality Service in association with the King's Fund, demonstrates our commitment to rigorous standards and premium quality of care.

Our expert team of medical, nursing and clinical staff provides excellent care and gives personal attention to patients. Many highly regarded Consultants use The Portland Hospital's facilities and consulting rooms to diagnose and treat their patients on an inpatient, outpatient and day care basis.

We are constantly evaluating developments in the medical world and invest in new facilities and equipment to remain at the forefront of healthcare technology and to ensure we offer our patients the best treatments available.

The Portland has 106 beds, including six neonatal intensive care cots and four paediatric intensive care beds. We have one emergency obstetric theatre and three operating theatres where advanced surgical procedures are performed including laser and minimal invasive surgery.
