

“This is not light reading, but it is an exhaustive look at the way rock music has shaped public attitudes while reflecting the changes in American society since the 1950s. Dr. Pielke has produced a worthy addition to books about the bands and singers who left their mark on these times.”

~ Alan C. *Picks of the Month*

“Challenging it may be, and even disturbing, but ultimately the author has guided me to a deeper reverence for the subject than I had before. I realise now that this music can speak for itself, and will continue to do so regardless of who is listening or when. That’s what makes it so dangerous. Thank you, Professor Pielke—it has been, in every sense, a liberation.”

~ Gareth L *Uncustomary Book Review*

CAMBRIDGE

Books of enduring scholarly value
CAMBRIDGE LIBRARY COLLECTION

Originating in a unique collaboration between the world's oldest publisher and the renowned Cambridge University Library, the Cambridge Library Collection makes important historical works accessible in new ways. The combination of state-of-the-art scanning technology and the Press's commitment to quality gives today's readers access to the content of books that until recently would have been available only in specialist libraries.

Already a pioneer in the re-publishing of titles from its own backlist, Cambridge University Press has extended its reach to include other books which are still of interest to researchers, students and the general reader. The Press's collaboration with Cambridge University Library and other partner libraries allows access to a vast range of out-of-copyright works, from which titles are selected with advice from leading specialists.

With subjects ranging from anthropology to zoology, the Cambridge Library Collection allows readers to own books they would otherwise find it hard to obtain, including the monumental Library Edition of the *Works of John Ruskin* edited by Cook and Wedderburn, the complete *Naval Chronicle* documenting warfare at sea in the Napoleonic period, accounts of the exploration of the Americas, Australia and China, and scientific writings by Darwin and his circle.

Each page is scanned and the resulting files undergo a rigorous process of cleaning, in which any blemishes are removed to obtain a crisp and legible text. Each book has a new cover design and a specially written blurb which highlights the relevance of the book to today's readers. The latest print-on-demand technology then ensures that the content of these rare and sometimes fragile books will be made available worldwide. The Collection is now available, in searchable form, as part of **Cambridge Books Online**.

Instructions for Contributors

Article submissions should be sent to:

Prof. Mark Katz
Editor, *Journal of the Society for American Music*
University of North Carolina at Chapel Hill
e-mail: jsameditor@gmail.com

Authors should submit materials electronically to the e-mail address above. The following documents should be sent: cover letter; abstract of no more than 200 words; article text in MS Word with list of references (.doc); musical examples (.pdf or .jpg); and figures (.jpg). Electronic images should be sent as separate low-resolution jpegs rather than being embedded in the text; ideally each image should be less than 1MB in size. (If the article is accepted, high resolution tiff or eps images will be required.) Only the cover letter should include the author's name, mailing address, telephone number, and e-mail address. The submission itself should be anonymous throughout the text and notes. Articles should range from 5,000 to 10,000 words (excluding notes). Longer articles will be considered but may be edited for length.

Journal of the Society for American Music employs humanities style for citations, following *The Chicago Manual of Style*, 16th edition. Use footnotes for explanatory material that need not appear in the main body of the article. At the end of the article, provide a list of references cited. All musical examples, figures, tables, and appendices should be numbered and contain captions, and the text should indicate approximate placement by the use of a callout, e.g., <FIG. 1 ABOUT HERE>. Callouts should be placed on a new line after the paragraph in which the figure or example is mentioned. A separate list of captions should be included. Contributors are responsible for obtaining permission to reproduce any material for which they do not hold copyright and for ensuring that the appropriate acknowledgments are included in their typescript. The cost of permissions and reproducing color illustrations will be the responsibility of the author. Upon acceptance of a submission, authors will be asked to assign copyright to the Society for American Music. JSAM does not review articles that are being considered for publication in another journal.

For additional information on preparing submissions, please visit <www.journals.cambridge.org/sam> or <www.american-music.org> to download a current PDF copy of the complete Instructions for Contributors.
