# Language Variation and Change

The official journal of the annual New Ways of  
Analyzing Variation (NWAY) conference

## Editors

Rena Torres Cacoullos, *Pennsylvania State University, USA*  
William Labov, *University of Pennsylvania, USA*

*Language Variation and Change* is the only journal dedicated exclusively to the study of linguistic variation and the capacity to deal with systematic and inherent variation in synchronic and diachronic linguistics. Sociolinguistics involves analysing the interaction of language, culture and society; the more specific study of variation is concerned with the impact of this interaction on the structures and processes of traditional linguistics. *Language Variation and Change* concentrates on the effects of linguistic structure in actual speech production and processing (or writing), including contemporary or historical sources.

S.J. Hannahs, *Newcastle University, UK*

*Journal of Linguistics* has as its goal to publish articles that make a clear contribution to current debate in all branches of theoretical linguistics. The journal also provides an excellent survey of recent linguistics publications, with around thirty book reviews in each volume and regular review articles on major works marking important theoretical advances.

'The *Journal of Linguistics* is one of the top journals for theoretical linguistics. It's chock full of new ideas and wonderfully free of theoretical orthodoxy.' Ivan Sag, Stanford University.
