

## LIST OF PARTICIPANTS

### Australia

M. S. Bessell Mt. Stromlo and Siding Spring Observatory  
J. Davis Chatterton Astr. Dept., Univ. of Sydney  
R. Hanbury Brown Chatterton Astr. Dept., Univ. of Sydney

### Austria

K. D. Rakos Institute for Astronomy Vienna

### Belgium

P. Magain Institute for Astrophys., Univ. of Liège  
J. Manfroid Dept. of Astrophys., Univ. of Liège

### Canada

A. H. Batten Dominion Astrophysical Observatory  
R. F. Garrison David Dunlap Obs., Univ. of Toronto  
C. G. Millward Geophys. and Astr. Dept., U. of British Columbia  
C. D. Scarfe Dept. of Physics, Univ. of Victoria  
G. A. H. Walker Geophys. and Astr. Dept., U. of British Columbia

### Czechoslovakia

D. Chochol Astr. Inst. of the Slovak Academy of Sciences

### Denmark

B. Nordström Copenhagen University Observatory, Brorfelde

### France

G. Cayrel de Stobel Paris-Meudon Observatory  
P. Couteau Nice Observatory  
M. Froeschlé C. E. R. G. A.  
M. Gerbaldi Inst. for Astrophys., Paris; Univ. of Paris  
A. Heck Strasbourg Observatory  
G. Helmer Nice Observatory  
C. Jaschek Stellar Data Center, Strasbourg  
M. Jaschek Strasbourg Observatory  
M. O. Mennessier Montpellier University  
C. Meyer C. E. R. G. A.  
E. Oblak Besançon Observatory  
R. Papoular Dept. of Astrophysics, CEN, Saclay  
R. Peytureaux Institute for Astrophysics, Paris  
W. Tobin Lab. for Space Astronomy, CNRS, Marseille

Germany, F. R.

H. Gass	Institute for Theoretical Astrophys., Heidelberg
W. Gliese	Astronomisches Rechen-Institut, Heidelberg
H. Jahreis	Astronomisches Rechen-Institut, Heidelberg
D. Labs	Heidelberg Observatory
E. E. Lamla	Observatory, University of Bonn
H. Neckel	Hamburg Observatory
W. Seegewiss	Observatorium Hoher List, Bonn University

India

M. Parthasarathy	Indian Institute of Astrophysics, Bangalore
------------------	---

Italy

E. Antonello	Astronomical Observatory of Brera, Milano-Merate
G. Bertelli	Institute of Astronomy, Univ. of Padua
L. Bianchi	Astronomical Observatory of Turin
M. Bossi	Astronomical Observatory of Brera, Milano-Merate
A. Bressan	International School for Adv. Studies, Trieste
P. Broglia	Astronomical Observatory of Brera, Milano-Merate
P. Conconi	Astronomical Observatory of Brera, Milano-Merate
R. Faraggianna	Astronomical Observatory of Trieste
M. Fracassini	Dept. of Physics, University of Milan
M. G. Fracastoro	Astronomical Observatory of Turin
L. Galgani	Dept. of Mathematics, Univ. of Milan
G. Giuricin	Astronomical Observatory of Trieste
G. A. Guerrero	Astronomical Observatory of Brera, Milano-Merate
L. Mantegazza	Astronomical Observatory of Brera, Milano-Merate
M. Missana	Astronomical Observatory of Brera, Milano-Merate
C. Morossi	Astronomical Observatory of Trieste
E. Nasi	Astr. Obs. of Padua; Inst. of Astr., Bologna
L. E. Pasinetti	Dept. of Physics, University of Milan
L. Pastori	Astronomical Observatory of Brera, Milano-Merate
C. Rossi	Institute of Astronomy, Univ. of Rome
L. Rossi	Inst. for Space Astrophys., CNR, Frascati

The Netherlands

U. O. Frisk	Space Science Dept., ESA, Noordwijk
J. R. W. Heintze	"Sonnenborgh" Observatory, Utrecht
R. D. Wills	Space Science Dept., ESA, Noordwijk

Poland

J. Kreżowski	Inst. of Astron., N. Copernicus Univ., Torun
--------------	--

Sweden

A. Ardeberg	Lund Observatory and ESO
-------------	--------------------------

B. Gustafsson                      Stockholm Observatory  
 G. Lyngå                              Lund Observatory  
 S. Wrandemark                      Lund Observatory

Switzerland

R. Buser                              Astronomical Institute, Univ. of Basel  
 J. Chmielewski                      Geneva Observatory  
 B. Hauck                              Institute of Astronomy, Univ. of Lausanne  
 L. Labhardt                         Astronomical Institute, Univ. of Basel  
 G. Mathys                             Institute of Astronomy, Zurich  
 F. Rufener                            Geneva Observatory

Turkey

D. Kocer                              Istanbul University Observatory

United Kingdom

Griffin, R. E. M.                      Cambridge Observatories  
 Griffin, R. F.                         Cambridge Observatories

United States

S. J. Adelman                         Dept. of Physics, The Citadel, Charleston  
 R. C. Bohlin                         Space Telescope Science Institute  
 A. D. Code                             Washburn Obs., Univ. of Wisconsin  
 T. E. Corbin                         U. S. Naval Obs., Washington, D. C.  
 R. Culver                              Dept. of Physics, Colorado State Univ.  
 D. S. Evans                            Dept. of Astronomy, Univ. of Texas  
 D. S. Hayes                            Kitt Peak Nat. Obs., Nat. Optical Astr. Obs.  
 W. D. Heintz                         Dept. of Astronomy, Swarthmore College  
 K. Janes                                Dept. of Astronomy, Boston University  
 P. C. Keenan                         Perkins Obs., Ohio State and Ohio Wesleyan Univ.  
 C. H. Lacy                             Dept. of Physics, Univ. of Arkansas  
 H. A. McAlister                       Dept. of Physics and Astr., Georgia State Univ.  
 G. J. Peters                            Dept. of Astr., Univ. of Southern California  
 A. G. D. Philip                        Van Vleck Obs. and Union College  
 R. S. Polidan                         Lunar and Planetary Lab., Univ. of Arizona  
 D. M. Popper                         Dept. of Astr., Univ. of Calif., Los Angeles  
 J. A. Rose                             Institute of Astronomy, Univ. of Hawaii  
 J. Rountree                            University of Denver  
 A. Slettebak                         Perkins Obs., Ohio State and Ohio Wesleyan Univ.  
 K. Aa. Strand                         Washington, D. C.  
 A. R. Upgren                         Van Vleck Observatory

U. S. S. R.

I. N. Glushneva                      Sternberg State Astr. Inst., Moscow

Vatican

R. Boyle

Vatican Observatory
