TO OUR GEOLOGICAL FRIENDS AND THE
SCIENTIFIC PUBLIC.

The Tenth Volume of the GEOLOGICAL MAGAZINE, forming Decade I. of that Journal, is now completed. The New Year, 1874, witnesses the beginning of a "*New Series*," and the commencement of Decade II.

Looking back to the early days of this work, in 1864, we have to deplore the loss of many dear and distinguished friends and fellow-labourers in this branch of science who have passed from amongst us; but we gratefully recognize a large accession of new and able geologists and palæontologists, who have already rendered valuable aid to the GEOLOGICAL MAGAZINE.

We need and desire for the coming Decade the support of every Geologist in this Country, in the Colonies, and in America; and earnestly beg them to give us their subscriptions and contributions.

For ourselves, we assure them that no effort shall be wanting on our part to render the GEOLOGICAL MAGAZINE in every respect deserving of their continued support.

Annual Subscribers should send in their names and subscriptions to Messrs. TRÜBNER & Co., 57 and 59, Ludgate Hill, London, E.C.

The GEOLOGICAL MAGAZINE can always be obtained through all Booksellers in town or country; but if any difficulty or delay arises through this method of procuring it, the Publishers will be happy to send it direct per post.

THE EDITOR.

LONDON, *December 23*, 1873.

All Communications for the GEOLOGICAL MAGAZINE should be addressed to the Editor, 142, St. Paul's Road, Camden Square, N.W.

Books for Review, and Parcels from Abroad, should be sent addressed to the Editor, care of Messrs. TRÜBNER & Co., 57 and 59, Ludgate Hill, London, E.C.

Form for Subscribers to fill up and send to their Booksellers.
