SUBMISSION OF ARTICLES

The Editors encourage the submission of manuscripts on a wide range of medicolegal topics for publication in the JOURNAL. Acceptable subjects include health law and policy; legal, ethical, social, and economic aspects of medical practice, education, and research; health-related insurance; and other important or interesting subjects involving the relationship of the life sciences to the social sciences and humanities. The JOURNAL is interdisciplinary. Contributions from specialists in a variety of disciplines are welcomed. All materials should be sent to the Editor-in-Chief, American Journal of Law & Medicine, Editorial Offices, 765 Commonwealth Avenue, 16th Floor, Boston, Massachusetts 02215.

POLICY ON MULTIPLE SUBMISSION: The Editor-in-Chief receives manuscripts in the understanding that they have not simultaneously been submitted elsewhere for consideration for publication.

GENERAL FORM: Manuscripts should be typewritten on one side of the paper only, with triple spacing and liberal margins. Manuscripts should be submitted in *triplicate*, i.e., an *original* and two carbon or Xerox copies. The title of the paper and the author's name and address should be given on a covering sheet.

ABSTRACT: A short abstract (normally not exceeding 200 words) succinctly summarizing the *content* of the manuscript should accompany the manuscript on a separate sheet. If the paper is accepted, the abstract will be published along with the manuscript.

REFERENCES: Footnotes to sources should be numbered consecutively, and placed on triple spaced pages at the end of the text. All footnotes should conform to *A Uniform System of Citation* (12th ed.), published and distributed by the Harvard Law Review Association, Gannett House, Cambridge, Massachusetts 02138. Non-lawyers unfamiliar with this system should follow the citation form accepted in their field and the Editors of the JOURNAL will make the appropriate modifications if the paper is published.

ILLUSTRATIONS: Illustrations and tables accompanying manuscripts should be numbered, provided with suitable legends, and marked lightly on the back with the author's name. Authors should indicate on the manuscript the appropriate positions of tables and text figures. Special arrangements must be made with the Editor-in-Chief for color plates, elaborate tables, half-tone illustrations or extra illustrations, drawings, and photographs.

PUBLICATION LANGUAGE: English.

SELECTION AND EDITING TIMETABLE: Receipt of manuscript will be acknowledged within one week of receipt. Authors will be notified of the manuscript's acceptance or rejection within one to three months, and accepted manuscripts will be published within three to eight months of acceptance.

PROOFS AND AUTHOR OFFPRINTS: Because of time pressures, printer's proofs of articles accepted for publication will *not* be made available to authors. Twenty-five offprints of each article, enclosed in JOURNAL covers, will be distributed to the author or divided among the authors if there is more than one. Orders for additional offprints, for which a fee is charged, must be communicated at least one month prior to publication.

RETURN OF MANUSCRIPTS: Upon request of the author and upon receipt of a suitable envelope stamped with adequate postage, the Editor-in-Chief will return to the author the original of any manuscript not accepted for publication.
