The lectures and publications by Professor Kokkini-Iatridou on the criteria of the *tertium comparationis* and her arguments for the necessity of an evaluation judgement are characteristic of her perspective on the methodology of comparative law. Therefore, this *Liber Amicorum* is entitled: *Comparability and Evaluation*.

The contributions cover the areas in which Professor Kokkini-Iatridou has taught and published: comparative law, private international law and international commercial arbitration. They are in English, German and French.
