

Referees for Philosophy of Science

Philosophy of Science owes a debt of gratitude to its referees—the Associate Editors, the members of the Editorial Board, and the many other individuals who help to review submissions. In acknowledgement of their essential service, we list here the names of those individuals who have refereed papers since the April 2023 issue went to production. (If anyone who has refereed a paper for the journal has inadvertently been left off this list, we offer our sincere apologies.)
