

NOTICE

The Publishers announce with regret that increased costs have forced them to make certain changes in the price and publication dates of the journal. At the same time, however, it will be possible to add to the number of pages to meet the growing pressure of new contributions. From 1 January 1956 each volume will be increased in extent but it will consist of two numbers a year, published in March and October, instead of three. From the same date the subscription price will be raised to 20s. and the price for single copies to 12s. net.
