## THE CROSS AND THE CHRISTIAN

by P. R. REGAMY, O.P.

This work offers an honest appraisal of the four predominant reactions to suffering in contemporary life; escape from suffering in the pursuit of comfort and pleasure, complete abdication and surrender to suffering, futile struggle against the inevitable crosses in the life of every man, and a dolorism that attempts to see good in suffering as such. All these reactions lead ultimately to despair, but true Christian suffering is a pledge of hope and joy if it is sanctified by Christ and His cross. 26s.

## LENT

A Liturgical Commentary on the Lessons and Gospels

by CONRAD PEPLER, O.P.

This work is actually much more than a liturgical commentary. It might be more accurately described as a doctrinal, ascetical, and liturgical guide to the full living of Lent. The learned author has unearthed and related to the rest of the Lenten doctrine many valuable points hidden in the lessons which are tremendous aids in attaining the true Lenten spirit. 37s. 6d.
