Hugh Blackwall Evans celebrates his 100th birthday on 19 November 1974 in Vermilion, Alberta. We offer him our hearty congratulations and point with pride to an article in this journal that he has jointly authored. This photograph of him is taken from C. E. Borchgrevink's *First on the Antarctic continent, being an account of the British Antarctic Expedition, 1898-1900* (London, Georges Newnes, Ltd, 1901). Mr Evans was a member of this expedition, which was the first to winter in Antarctica.
