

# CONTENTS OF No. 296, DECEMBER 1971

	<i>page</i>
<b>BERNARD E. LEAKE:</b> On aluminous edenitic and hornblendes	389
<b>J. KONTA:</b> Shape analysis of moldavites and their impact origin	408
<b>L. VAN WAMBEKE:</b> The uranium-bearing mineral bolivarite: new data and a second occurrence	418
<b>A. EWART:</b> Chemical changes accompanying spherulitic crystallization in rhyolitic lavas, Central Volcanic Region, New Zealand	424
<b>W. L. GRIFFIN:</b> Mineral reactions at a peridotite-gneiss contact, Jotunheimen, Norway	435
<b>P. E. BROWN:</b> The origin of the granitic sheets and veins in the Loch Coire migmatites, Scotland	446
<b>R. T. DODD:</b> Calc-aluminous inlets in olivine of the Sharps chondrite	451
<b>K. J. D. MACKENZIE and J. M. GREEN:</b> The cause of coloration in Derbyshire Blue John banded fluorite and other blue banded fluorites	459
<b>KOSUKE ONUMA and KENZO YAGI:</b> The join $\text{CaMgSi}_3\text{O}_6\text{-Ca}_2\text{MgSi}_2\text{O}_7\text{-CaTiAl}_2\text{O}_6$ in the system $\text{CaO-MgO-Al}_2\text{O}_3\text{-TiO}_2\text{-SiO}_2$ and its bearing on titanpyroxenes	471
<b>H. A. GUNATILAKA and ROGER TILL:</b> A precise and accurate method for the quantitative determination of carbonate minerals by X-ray diffraction using a spiking technique	481
<b>ROBERT J. KING and JOHN A. DIXON:</b> A new occurrence of vanadium minerals in Leicestershire	488
<b>R. M. MCKENZIE:</b> The synthesis of birnessite, cryptomelane, and some other oxides and hydroxides of manganese	493
<b>HARALDUR SIGURDSSON:</b> Feldspar relations in Icelandic alkalic rhyolites	503
<b>K. L. CURRIE:</b> The composition of anomalous plagioclase glass and coexisting plagioclase from Mistastin Lake, Labrador, Canada	511
<b>PAUL C. LYONS:</b> Staining of feldspars on rock-slab surfaces for modal analysis	518
<b>E. W. F. DE ROEVER and F. F. BEUNK:</b> Ferrocapholite associated with lawsonite-albite facies rocks near Sangineto, Calabria, Italy	519
<b>A. HALL and J. D. TAYLOR:</b> The occurrence of vaterite in gastropod eggshells	521
<b>P. POVONDRA and K. LANGER:</b> A note on the miscibility of magnesia-cordierite and beryl	523
<b>M. SABZEHEI:</b> Dumortierite from Iran: a first record	526
<b>A. C. CHATTERJEE:</b> Levyne in the Deccan traps	527
<b>S. M. GANDHI:</b> On the ferroan gahnite of Mamandur, Madras State, India	528
<b>J. J. FAWCETT, I. DAVIES, and R. S. JAMES:</b> A modified closure for high-pressure cold-seal pressure vessels	529
<b>Book reviews</b>	532

UNIVERSITY PRESS, OXFORD, ENGLAND
