## Directory of the American Political Science Association

This *Directory* contains biographical sketches indicating education, academic experience, research activities, publications, and civic and governmental service of the various members of the Association; a list of members and subscribers according to geographical location; and a list of members classified according to their primary fields of competence in political science and the social sciences.

The *Directory* will be of service to appointing officers of educational institutions, research agencies, administrative bureaus, and government offices.

Orders should be addressed to the American Political Science Association, 1822 Sheridan Road, Evanston, Illinois.

### PRICES

To members of the Association and subscribers to the *American Political Science Review*: Cloth bound, \$2.00; paper bound, \$1.00.

To non-members: Cloth bound, \$3.00; paper bound, \$2.00.

The Association will prepay postage on copies ordered with accompanying remittance. On other orders, mailing cost will be added to the price.

## PRESIDENT AND CONGRESS

by **Wilfred E. Binkley**

A historical analysis of the struggle between lawmakers and Chief Executives from Washington to Truman. Dr. Binkley details the resolution of the dilemma resulting from our constitutional system of checks and the necessity for cooperation between executive and legislative departments. Here, for student and citizen, is a work which illuminates the whole process of democratic legislation and leadership.

[*March 1947*] ix, 303, vii pages; \$4.00 net; \$3.00 text.

## TOTAL WAR AND THE CONSTITUTION

by **Edward S. Corwin**

A cogent discussion of the way in which wartime Presidential powers have dislocated the governmental balance envisioned by the Constitution. The material in this book consists of lectures originally delivered under the auspices of the Cook Foundation at the University of Michigan.

[*Just published*] xiv, 182, vi pages; \$2.50 net.

## JAPAN PAST AND PRESENT

by **Edwin O. Reischauer**

A brief interpretative history of Japan from earliest to modern times, emphasizing the political and social institutions of the past that have shaped the present Japan. From the origins of the Japanese people to their defeat in World War II, Dr. Reischauer omits nothing essential to explaining the rise and fall of this Asiatic empire. "I do not know of any short book on Japanese history which gives so much useful information in so brief and simple a form." SIR GEORGE SANSOM, *Foreword*.

[*Just published*] xiii, 192, xiv pages; \$2.00 net, \$1.50 text.

The WORLD PEACE FOUNDATION announces

## INTERNATIONAL ORGANIZATION

A timely new periodical reviewing the entire program of the United Nations and 34 other international agencies for 1946 in Articles by Philip Mosely, Leland Goodrich, Dwight E. Lee and others, Factual Summaries of Activities, with Documents section and selected Bibliography.

Published in  
February, June, and September

Subscription Price \$3.50 a year  
Single Copies \$1.25

## CHARTER OF THE UNITED NATIONS

### Commentary and Documents

*by* LELAND M. GOODRICH AND EDVARD HAMBRO

"If a scholar can purchase only one book on the United Nations Charter this is it. While the authors explain that their work is not to be regarded as a 'thorough work of scholarship,' and hope only that 'this Commentary and the assembled documents will be of some assistance to the student and layman desiring a better understanding of the Charter as drafted at San Francisco' they have in fact produced a masterly factual guide and introduction to a badly drafted, turgid and confusing document."

—Llewellyn Pfankuchen in  
AMERICAN POLITICAL SCIENCE REVIEW

The second printing of this work is now available.

**WORLD PEACE FOUNDATION**

**40 Mt. Vernon Street**

**Boston 8, Massachusetts**

\*\*\*\*

**“One  
central  
goal—  
rebuilding  
a sound  
and  
prosperous  
economic  
system”**

# CARTELS IN ACTION

*A Survey for*  
The Twentieth Century Fund

**GEORGE W. STOCKING  
and MYRON W. WATKINS**

*Research Directors*

A “case book” on international cartels—a factual account of the origins and operations of cartel arrangements in eight fields in which they have played a dominant role: sugar, rubber, nitrogen, steel, aluminum, magnesium, incandescent electric lamps, and chemicals. Important data for economists, businessmen, consumers, and all those concerned with establishing a sound economic basis for world peace. 545 pages. \$4.00

## FOR THIS WE FOUGHT

By **STUART CHASE**. This sixth and final volume in a series of reports to The Twentieth Century Fund by Stuart Chase presents his framework of a practicable political and economic system whereby we may secure for the individual and the nation a truly abundant life. 135 pages, \$1.00

## TRENDS IN COLLECTIVE BARGAINING

*A Summary of Recent Experience*

By **S. T. WILLIAMSON** and **HERBERT HARRIS**. A popular analysis of the problems and issues of collective bargaining, largely based on the Fund's extensive investigation of the process in 16 major industries.

272 pages. \$2.00

## FINANCING AMERICAN PROSPERITY: *A Symposium of Economists*

Edited by **PAUL T. HOMAN** and **FRITZ MACHLUP**. Each of six leading economists—Benjamin M. Anderson, J. M. Clark, Howard S. Ellis, Alvin H. Hansen, Sumner H. Slichter, and John H. Williams—presents his own prescription for a healthy functioning of the economic system.

520 pages. \$3.00

## AMERICAN HOUSING: *Problems and Prospects*

The Factual Findings by **MILES L. COLEAN**; The Program by the **HOUSING COMMITTEE**. A comprehensive investigation of how the housebuilding industry is organized and operated and how it might better serve the country's needs.

488 pages, 61 tables, 26 charts. \$3.00

**The TWENTIETH CENTURY FUND**  
330 West 42nd Street, New York 18

*a book for all who are concerned  
with civil rights*

# THE CONSTITUTION AND CIVIL RIGHTS

By MILTON R. KONVITZ

This is the first complete book on one phase of civil rights as developed under judicial decision and interpretation—the rights of persons to employment, accommodations in hotels, restaurants, common carriers and other public accommodations, without discrimination.

\$3.00

*both a warning and guide*

## THE PROCESS OF INTERNATIONAL ARBITRATION

By KENNETH S. CARLSTON

This is a thorough study of the technique of international arbitration and the principles involved in the functioning of international courts. The book should be of utmost value to governments, to arbitrators, to attorneys, and to students.

\$4.50

Columbia University Press

# *Coming in March*

## THE AMERICAN FEDERAL GOVERNMENT

By JOHN H. FERGUSON

Associate Professor of Political Science  
Pennsylvania State College

and DEAN E. MCHENRY

Associate Professor of Political Science  
University of California at Los Angeles

### *McGraw-Hill Series in Political Science*

This postwar college text covers the essential features of the American system of government. In it the authors have striven to present controversial matters objectively, and to avoid being either too elementary and general on the one hand or too advanced and detailed on the other. The present book is a part of a larger volume to be published later which will encompass government at all levels—national, state, and local.

Part I of the present book deals with the historical background, general principles, and other essentials, including a separate treatment of federal powers. Part II is devoted to administrative organization and functions of the federal government, including Congress, the President, courts, and federal powers. The materials are intended to acquaint the student with both the older and newer federal programs. Part III covers governmental functions.

### *Some special features of the book:*

The book offers timely treatments of foreign relations and the United Nations; federal powers; federally owned and operated enterprises; compulsory military training; and control of atomic energy.

The text is fully illustrated. The numerous pictorial aids include charts, graphs, and summaries which should make the subject matter clearer and more meaningful to the reader.

Stress has been placed on the role of pressure groups in American government. An innovation is the coverage given to the formation, measurement, and nature of public opinion.

Another unusual feature is the emphasis given to the channels of mass communication—press, radio, and motion pictures.

There is a comprehensive discussion of interstate and federal-state relations.

The chapter on labor is thorough and points up recent controversies in the field.

# Elements of Public Administration

*By F. Morstein Marx and collaborators*

- COMING SOON, an outstanding new study of public administration combining sound academic background with actual government experience. Fourteen professors have contributed to this unified text, stressing throughout the implications of democratic governance for public management in all its ramifications.

Notice these important features:

- Gives fundamental problems in the administrative process, and follows them through the entire system.
- Crystallizes the operating spirit of government.
- Furnishes a mature understanding of public administration in the modern service state.

College List, \$5.00

# American Government

*By W. Reed West, George Washington University*

- On the conviction that real understanding of our governmental organization or political problems requires a foundation in constitutional theory, Professor West has stressed constitutional aspects more heavily than most authors do.

In addition, his use of the unified system of exposition avoids the repetition of the traditional system, and the confusing cross-references of the functional system. The text is divided into six main parts:

- Political Theory
- The Federal Government
- State and Local Governments
- The forces, such as parties, that formulate policies and furnish the motive force for these governments.
- Limitations upon the exercise of governmental power in relation to the individual.
- The activities of government.

College List, \$4.25

# *The* GOVERNMENT *of* *the* AMERICAN PEOPLE

By EARL L. SHOUP

*Western Reserve University*

An authoritative book that presents government in action. It gives an accurate view of the American system of government by relating its structure, objectives, and functioning to the political activities of the people. The all-over process of government is treated sequentially, starting with the political character of the people, public opinion, political associations of citizens, nominations, elections. This is followed by an account of the various methods of lawmaking, the organization of administration, and a description of the duties of the people as citizens. Foreign relations and policy also included.

# Comparative Economic Systems

By RALPH H. BLODGETT

*Associate Professor of Economics, University of Illinois*

The first part of this college text analyzes, compares, and evaluates capitalism, theoretical socialism, theoretical communism, practical socialism in Soviet Russia, fascism in Italy, and National Socialism in Germany. The systems of Russia, Italy and Germany receive particularly rigorous treatment. Part two is devoted to an unusually thorough analysis, interpretation and criticism of Marxian Socialism. The book is organized by topics, the same list of topics being discussed in connection with all systems. Summary chapters give pictures of each system as a whole.

\$4.40

## Chile: An Economy in Transition

By P. T. ELLSWORTH

*Professor of Economics, University of Wisconsin*

A noted economist here discusses the measures taken to equalize Chile's foreign trade when, in the 1930's, all semblance of equilibrium in her balance of payments was destroyed when the markets for her raw materials collapsed. The detailed analysis of these events is a significant and informative case study of national and international economy and of the relation of government to foreign trade and international economic functions.
