Why patients cross the country to Cheadle Royal Hospital

This private psychiatric hospital maintains a long-standing nationwide reputation for treatment of acute psychiatric and emotional problems in a comfortable setting.

One of the newer developments, backed by all the maturity and experience of the long-established hospital, is Oakenfield, the only independent private alcohol treatment centre in the North of England. It is setting new standards, developing into a nationwide leader in improving the lives of alcoholics and their families. Patients are referred from as far away as Scotland and the South of England – the reputed psychiatric, medical and nursing care services of the hospital are easily accessible by rail, motorway and airport.

In a large detached house in the hospital's rural grounds, Oakenfield provides a carefully balanced programme of education, group therapy and care for individual needs. Family meetings and after-care, out-patient support groups and a 24-hour treatment advisory service are also provided. *It's all worth the journey.*

THE LONDON CENTRE FOR PSYCHOTHERAPY

Applications are invited for the following course:

ONE YEAR ANALYTICAL PSYCHOTHERAPY COURSE (STARTING APRIL 1986)

This is an introductory course in psychotherapy. Its purpose is to provide students with a comprehensive view of analytical psychotherapy, its theory and practice, and the study of human development based on different theoretical models.

While this Course is complete in itself, at the same time it is designed to serve as a preparation for the Three Year Professional Courses in either individual or group psychotherapy.

It is anticipated that applicants will be graduates or professionals in health, education or social services: applicants from other professions will be considered. The Course will be held on two evenings per week.

Fee: £600

Candidates for all courses are accepted on the basis of personal interviews. Registration fee for the course: £20.

Further details and application forms can be obtained from The London Centre for Psychotherapy, 19 Fitzjohn's Avenue, London NW3 5JY, quoting ref. BJP.

Officer

KNEESWORTH HOUSE

Psychiatric Hospital

Situated approximately 11 miles south west of Cambridge, Kneesworth House offers treatment and rehabilitation for disturbed adult psychiatric patients, in particular those who are difficult to place in other facilities.

The hospital will accept both male and female patients between 18 and 50 years of age.

Therapeutic programmes are based on conventional psychiatric principles including psychotherapy, behaviour therapy and medication. Rehabilitation concentrates on activities likely to be of benefit following discharge and include social skills training, education and workshop facilities.

For further information contact: The Medical Director, Kneesworth House, Psychiatric Hospital, Basingbourn-cum-Kneesworth,

Royston, Herts SG8 5JP.

Telephone: 0763 42911.

UNIVERSITY OF LONDON

INSTITUTE OF PSYCHIATRY

(in conjunction with the Bethlem Royal & Maudsley Hospitals)

DIPLOMA IN FAMILY THERAPY

Applications are invited for a training in family therapy leading to a diploma in family therapy. This training will involve a full-time placement of one year's duration. Clinical experience will be gained through honorary clinical attachments to clinical teams in the Bethlem Royal and Maudsley Hospitals (the Joint Hospital). A wide range of clinical experience will be available, including work with families and couples, in child, adolescent and adult settings.

Successful applicants will be expected to take part in the other academic and clinical activities of the Joint Hospital and Institute of Psychiatry, as well as attending regular theoretical and clinical seminars specifically related to family therapy. Video-tape supervision and live supervision will be carried out and students will be expected to carry a clinical load of families and couples under supervision.

The course will be specially addressed to students from psychiatry, social work and clinical psychology. Suitably qualified candidates from other disciplines may be considered.

Requests for further information (course details, dates, fees, etc.) should be sent to: Dr. Justin Schlicht, Psychotherapy Unit, Maudsley Hospital, Denmark Hill, London SE5 8AF, U.K.
