The Voice of Liberal Learning

Michael Oakeshott on Education

edited by Timothy Fuller

This volume, brings together for the first time the major writings of Michael Oakeshott—arguably Britain's leading political philosopher of this century—on the subject of education. Oakeshott's remarkable essays are essential reading for anyone concerned about current debates on education and what it must learn from its past.

"Lucid, witty, and timeless. . . .

Indispensable to any serious course on the philosophy of education."

—Kenneth Minogue \$20.00

Lucy Sprague Mitchell

The Making of a Modern Woman

Joyce Antler

An engrossing biography of Lucy Sprague Mitchell, founder of the Bank Street College of Education and one of the first women to attempt to combine a consuming career with marriage and motherhood.

"Beautifully written, solidly researched, and perceptive. . . .

Antler has skillfully linked the history of progressive education and progressive reform with women's history."

—Lynn D. Gordon, *History of Education Quarterly* \$14.95

History of Education Quarterly

The History of Education Quarterly publishes:

- Articles
- Documents
- Debates on important issues in the history of education
- Retrospectives
- Book reviews
- Film reviews
- Book notes

Topics span the history of education, both formal and nonformal, including the history of childhood, youth, and the family. These subjects are not limited to any time period and are universal in scope. The *Quarterly* is published in cooperation with the School of Education, Indiana University, with additional support from Indiana University–Northwest.

The History of Education Society

Individual subscription to the *Quarterly* includes membership in the History of Education Society. The Society is an international organization that seeks to encourage research in the history of education, to improve the teaching of the history of education, to promote the preservation of source materials in history of education, and to interest the educational profession and the general public in the value of the historical perspective in the making of educational policy.
