I N D E X .

	PAGE
ALISON, JOHN	
Statical Proofs of some Geometrical Theorems, . . .	58
Trigonometrical Mnemonic,	88
ALLARDICE, R. E.	
Solution of a Problem proposed by Dr Muir, . . .	37
Projective Geometry of the Sphere,	56
AUBERT, PAUL	
Question Proposée au Concours Général pour la Classe de Mathématiques Spéciales. Solution Analytique, . . .	91
BARCLAY, A. J. G.	
On Physical Science in Schools,	21
CHILDERS, Right Hon. H. C. E.	
Note on Euclid II., 11,	60
CHREE, CHARLES	
On Certain Forms of Vibration,	65
FRASER, A. Y.	
Two Mechanical Integrators or Planimeters, . . .	29
GIBSON, GEORGE A.	
Notes on Integration by Parts and by Successive Reduc- tion,	88
HARVEY, WILLIAM	
Notes on Euclid I., 47,	17
Kinematical Theorems,	38
MACKAY, J. S.	
The Ancient Methods for the Duplication of the Cube, .	2
Abstract of One of Euler's Papers,	51
On the Divisibility of Certain Numbers,	55
MILLER, T. HUGH	
A Proof of Lagrange's Theorem,	45

	PAGE
OFFICE-BEARERS,	1
PEDDIE, W.	
To Transform a Rectangle into a Square,	24
The Theory of Contours, and its Applications in Physical Science. Part I.,	25
The Theory of Contours, and its Applications in Physical Science. Part II.,	61
RAINY, HARRY	
Bifilar Suspension Treated by the Method of Contour Lines,	47
ROBERTSON, ALEXANDER	
A Problem in combinations,	78
TAIT, Professor	
One Certain Integrals,	23
THOMSON, SIR WILLIAM	
On a Theorem in Determinants [Title],	2
