

It has been found that the system that we now have in operation for electing the President and Honorary Officers sometimes gives too little time for a new President or a new Dean, for example, to make the necessary arrangements for assuming office. It is therefore suggested that nominations for President should be brought forward so that Council considers the nominations in June of the previous year and the name of the new President will then be known and announced at the October meeting of Council in the year preceding the Annual General Meeting, when she or he will assume office. At the October Council meeting nominations will then be sought for the other officers, elections held in the early winter months and the results of those elections announced at the Council meeting in January.

The major change in the Health Service was the division into purchaser and provider and this has now been in operation since 1 April. Already there have been some concerns, one of which is about the psychiatric care of those working in the Health Service which was mentioned yesterday by the President, who hitherto have been treated away from the district in which they work.

The President and the Officers of the College have met Duncan Nicol the Chief Executive of the National Health Service, who came to have luncheon at the College. Discussions were on a number of the issues with which we were concerned. Shortly we are due to meet the Secretary of State, Mr William Waldegrave, and in June with the Shadow Health Minister, Mr Robin Cook. Another meeting planned is one with Professor Michael Peckham, who is the new head of the Scientific Department in the Department of Health.

Plans for the Annual General Meeting in Brighton are well in advance. Preliminary papers have been sent out and there has been a most encouraging and enthusiastic response. You are therefore advised to book early and we look forward to celebrating with you all there our 150th anniversary.

Publication of votes in College Elections

In accordance with the recommendation of the Executive and Finance Committee, Council have agreed that, in the case of elections in which the entire membership of the College was entitled to vote – i.e., elections of the relevant College Officers, members of Council and of the Court of Electors – the total vote each candidate received would be published in the *Psychiatric Bulletin*. Divisions and Specialist Sections would publish the results of votes for their Officers and Executive Committee members in their Business Meeting minutes or newsletters.

Special Interest Groups

(Transcultural Psychiatry and Management)

In June 1987 Council approved the establishment of 'Special Interest Groups'.

Procedure for establishing a Special Interest Group:

- (1) Any Member wishing to establish a Special Interest Group shall write to the Registrar with relevant details.
- (2) The Registrar shall forward the application to Council.
- (3) If Council approves the principal of establishing such a Special Interest Group then it will direct the Registrar to place a notice in the *Bulletin* or its equivalent, asking Members of the College to write in support of such a Group and expressing willingness to participate in its activities.
- (4) If more than 50 Members reply to this notice, then Council shall formally approve the establishment of the Special Interest Group.
- (5) The administrative support provided will be similar to that enjoyed by College Divisions. It should be noted therefore, that the College will maintain the list of members, prepare and distribute notice of meetings but will not provide staff to attend meetings, organise conferences etc.

In accordance with this procedure, Council has approved the establishment of a **Transcultural Psychiatry** Special Interest Group and a **Management** Special Interest Group. Members are invited to write in support of either of these Groups and express willingness to participate in its activities. Members should write to Mrs Jean Wales at the College. If 50 members reply to this notice for a Group, then Council shall formally approve the establishment of that Special Interest Group.
