

EARLY MUSIC HISTORY 13

The articles collected in this volume of **Early Music History** are concerned, from different perspectives, with the music of France in the second half of the sixteenth century. The collection was inspired by an extended paper by Howard Mayer Brown, completed shortly before his death in 1993, which begins the volume. The collection as a whole is a tribute to this distinguished musicologist and his scholarly legacy.

CONTENTS

HOWARD MAYER BROWN (University of Chicago)

Ut musica poesis: Music and Poetry in France in the Late Sixteenth Century
