

**THE
ANZIAM
JOURNAL**

*(The Australian & New Zealand
Industrial and Applied
Mathematics Journal)*

Editorial Office and Address

Editor-in-Chief C. E. M. PEARCE, cpearce@maths.adelaide.edu.au
Executive Editor E. HUNT, ehunt@maths.adelaide.edu.au
Assistant Editors A. GOH and Y. STOKES

Department of Applied Mathematics, The University of Adelaide, SA 5005, Australia.

Associate Editors

A. P. BASSOM
The University of Exeter
North Park Road
Exeter, Devon EX4QE
United Kingdom
AP.Bassom@ex.ac.uk

A. J. BRACKEN
Department of Mathematics
The University of Queensland
St. Lucia QLD 4072
ajb@maths.uq.edu.au

B. D. CRAVEN
Department of Mathematics
The University of Melbourne
VIC 3010

THE ANZIAM JOURNAL

Volume 44 Part 3

JANUARY 2003

Additive selections and the stability of the Cauchy functional equation Roman Badora, Roman Ger and Zsolt Páles	323
Minimax fractional programming involving generalised invex functions H. C. Lai and J. C. Liu	339
A quasi-trapezoid inequality for double integrals N. S. Barnett, S. S. Dragomir and C. E. M. Pearce	355
n-Dimensional first integral and similarity solutions for two-phase flow S. W. Weeks, G. C. Sander and J.-Y. Parlange	365
Global existence for the generalised 2D Ginzburg-Landau equation Hongjun Gao and Keng-Huat Kwek	381
Nonresonance conditions and extremal solutions for first-order impulsive problems under weak assumptions Daniel Franco and Rodrigo L. Pouso	393
On some noncoercive variational inequalities containing degenerate elliptic operators Vy Khoi Le	409
On the condition number of integral equations in linear elasticity using the modified Green's function E. Argyropoulos, D. Gintides and K. Kiriaki	431
Reflection/refraction of SH-waves at a corrugated interface between two different anisotropic and vertically heterogeneous elastic solid half-spaces Rajneesh Kumar, Sushil K. Tomar and Asha Chopra	447

Continued overleaf

Set by TeXAdel, Adelaide, Australia.
Printed by Instant Colour Press, Canberra, Australia.

Effects of an axisymmetric rigid punch on a nonhomogeneous transversely isotropic half-space	
P. K. Chaudhuri and Subhankar Ray	461
A certain class of generating functions involving bilateral series	
H. M. Srivastava, M. A. Pathan and M. G. Bin-Saad	475

The Journal of the Australian Mathematical Society began publication in 1959, and from 1975 appeared in two series, Series A (Pure Mathematics and Statistics) and Series B (Applied Mathematics). Series B is now The ANZIAM Journal and is published in volumes comprising four quarterly parts. There is also a fifth (electronic) part designed for rapid publication (<http://jamsb.austms.org.au/>). Editor: A. J. ROBERTS, Department of Mathematics & Computing, University of Southern Queensland, Toowoomba, QLD 4350; aroberts@usq.edu.au. All five parts are refereed. All accepted papers have the option of publication in the electronic part. Information about Series A and other publications of the Society may be found on the inside back cover.

It is the editorial policy of The ANZIAM Journal to consider papers in any field of applied mathematics and related mathematical sciences. Novel applications of mathematics in real situations are especially welcomed. All papers should include some indication of applicability, and an introduction that can be understood by non-specialist readers from the whole applied mathematical community.

Manuscripts (four copies) for publication should be sent to the editor or to an appropriate associate editor at the address given on the inside front cover. Such action is a representation by the author that the manuscript has not been copyrighted or published, and that it is not being considered for publication elsewhere. Please do not make initial submissions electronically.

Authors are asked to read the section "Preparation of Manuscripts" on the last page.

Irrespective of the number of authors, 20 free offprints of each copy are provided; additional offprints may be ordered at the expense of the authors.

Excessive costs incurred by the Society through corrections to or withdrawal of articles may be charged to the authors concerned.

The ANZIAM Journal (ISSN 1446-1811) is published quarterly for A\$302.50 (Members A\$48.40) per annum by the Australian Mathematical Society, Mathematics Department, Australian National University, ACT 0200, Australia. Send address change notices to Dr A. Howe, Journal of the Australian Mathematical Society, Mathematics Department, Australian National University, ACT 0200, Australia.
