Edited by

P. M. COHN, D. H. MICHAEL,
C. A. ROGERS, J. G. SEMPLE, F. T. SMITH

MATHEMATIKA is published by the Department of Mathematics, University College London. It contains original notes and memoirs on mathematics and its applications. Any diagrams submitted with manuscripts should be of a size not exceeding 1.5 times the final size for printing.

Two parts of MATHEMATIKA are published each year. The parts normally appear in June and December, but are sometimes delayed.

The subscription price for the volume of two parts for 1986 is £27.00. Cheques and Bankers' drafts should be made payable to University College London and should be sent to

MATHEMATIKA

UNIVERSITY COLLEGE,
GOWER STREET,
LONDON, WC1E 6BT
ENGLAND.

Overseas subscribers must arrange to pay by Bankers' Draft drawn in Sterling on London, otherwise bank collection charges absorb a substantial proportion of the total payment, money we can ill afford to lose.

A special subscription rate of £20.00 applies to members of some national Mathematical Societies requiring MATHEMATIKA for their personal use.

Back numbers are available. The price is £27.00 per volume.
