

GENERAL NOTES

TEMPLE UNIVERSITY SCHOOL OF MEDICINE

PHILADELPHIA 40. PA.

A "Short course in Audiology" is offered several times each year by the Section of Audiology, Department of Otorhinology, Temple University School of Medicine, Philadelphia 40, Pa.

The course will be one week in length and will encompass theoretical and clinical aspects of audition. Hearing testing and interpretation will be stressed. Office procedures, equipment and Industrial Audiometry will be discussed.

Further information may be obtained by writing to Philip E. Rosenberg, Ph.D., Director, Section of Audiology, Temple University Medical Center, 3401 North Broad St., Philadelphia, Pa.

SIXTH INTERNATIONAL CONGRESS OF AUDIOLOGY

THE sixth International Congress of Audiology will be held in Leyden, The Netherlands, from September 5th to 8th, 1962.

President: Prof. Dr. H. A. E. van Dishoeck;

Secretary Drs. A. Spoor.

In the programme are planned three round-table talks, with associated and free papers.

The subject of the round tables are:

"Frequency analysis of the normal and pathological ear."

Moderator: Prof. Dr. G. von Békésy.

"Central deafness in children."

Moderator: Prof. Dr. J. M. Tato.

"Psychogenic deafness and simulation."

Moderator: Prof. Dr. H. A. E. van Dishoeck.

Official languages of the Congress are: English, French, German and Spanish.

Working languages will be: English and French.

The address of the secretariat is:

Ear-Nose-Throat Department,
Academisch Ziekenhuis,
LEIDEN (The Netherlands).

General Notes

SEMON LECTURE, 1961

The University of London announce that the Semon Lecture will be delivered by Mr. C. P. Wilson at the Royal Society of Medicine on Thursday, November 2nd, 1961, at 5 p.m. The title of the lecture will be "Pharyngeal Diverticula, their Cause and Treatment".

Mr. John F. Simpson will be in the Chair.

BRITISH OTOLARYNGOLOGICAL CONGRESS

It is proposed to hold the first British Otolaryngological Congress in Great Britain in the summer of 1963 and an organizing committee is being set up for the purpose. It is expected that in addition to sessions for formal papers there will be a number of seminars on various topics and revision courses conducted by known authorities.

The Congress will probably last for five or six days.

Further details concerning time and place will be notified in this Journal in due course.

BACK JOURNALS REQUIRED AND FOR SALE

If any subscriber can spare copies of the January 1945 and June 1950 issues of the *Journal of Laryngology & Otology* they would be very much appreciated by the Librarian of The National Institute for the Deaf, 105 Gower Street, London, W.C.1.

If anyone would like to buy a set of the Journals from 1921 to 1960 (mostly bound volumes), and the two relevant indexes, etc., please apply to Donald G. P. Macalister, 5 Clarendon Place, Leamington Spa.

THE MOUNT SINAI HOSPITAL

An intensive postgraduate course in Rhinoplasty, Reconstructive Surgery of the Nasal Septum and Otoplasty will be given January 13th, 1962 to January 26th, 1962 by Dr. Irving B. Goldman and staff at the Mount Sinai Hospital, New York in affiliation with Columbia University.

Candidates for the course should apply to Registrar for Postgraduate Medical Instruction, The Mount Sinai Hospital, Fifth Avenue and 100th Street, New York 29, N.Y.

General Notes

UNIVERSITY OF BAGHDAD

The University of Baghdad has asked the British Council to find British candidates for a number of posts in their Colleges of Medicine at Mosul and Baghdad. One of these appointments is for a Professor of Ear, Nose and Throat Diseases at the College of Medicine, Baghdad.

Anyone interested should communicate with the Director, Recruitment Department, The British Council, 65, Davies Street, London, W.1.

ROYAL COLLEGE OF SURGEONS OTOLARYNGOLOGY LECTURES

THE following lectures, arranged jointly by the Royal College of Surgeons of England and the Institute of Laryngology and Otology, will be delivered in the Lecture Hall of the College on Thursday afternoons at 5.30 p.m.

1961

November 30th. PROFESSOR F. BERGEL. "Newer Developments in Carcinotherapy"

1962

February 1st. MR. GEOFFREY H. BATEMAN. "Hypophysectomy."

March 1st. MR. ALAN H. HUNT. "Tumours of the Upper Jaw."

May 3rd. DR. I. FRIEDMANN. "Electronmicroscopy in Otolaryngology."

THE INSTITUTE OF LARYNGOLOGY AND OTOTOLOGY

330-332, GRAYS' INN ROAD, LONDON, W.C.1.

associated with

THE ROYAL NATIONAL THROAT, NOSE & EAR HOSPITAL

SHORT COURSES

for

CONSULTANTS AND SENIOR REGISTRARS

November 10th and 11th, 1961—Pathology of the ear, nose and throat.

March 6th, 7th and 8th, 1962—Diagnosis and treatment of the deaf child.

April 27th and 28th, 1962—Practical Aural Surgery Class.

NON-MEDICAL COURSES

POST-TONSILLECTOMY COMFORT

Immediate pain relief—Speedier Convalescence

The pain of traumatized tissues following tonsillectomy, demands its own relief—and points the need for analgesia that quickly reaches the irritated area.

ASPERGUM provides 'salivary analgesia' through the simple act of chewing — it brings pain-relieving acetylsalicylic acid into *intimate* and *prolonged* contact with the tonsillar

region, seldom reached even intermittently by gargling. The rhythmic stimulation of muscular action also aids in relieving local spasticity & stiffness: more rapid tissue repair is promoted. Each pleasantly flavoured chewing gum tablet provides 3½ grains acetylsalicylic acid, permitting frequent use. Particularly suitable for children.

Aspergum

 (Category S)

**for more than two decades a dependable
and welcome aid to patient-comfort**

Ethically promoted in packages of 16 tablets and moisture proof bottles of 36 and 250
